

**City of Los Altos/Los Altos School District Public Lands Subcommittee Meeting
August 11, 2015
Meeting Notes**

Attendance

LASD Board and Staff attendees: Vladimir Ivanovic, Tamara Logan, Jeff Baier, Randy Kenyon
City Council and Staff attendees: Jan Pepper, Jeannie Bruins, Marcia Somers

Agenda Items

1. Review notes from July 22, 2015 meeting:

The subcommittee had one change to the meeting notes: correct misspelling of District Board member.

2. Review and discuss the District's assessment of the District's school sites.

The District presented an assessment of the Blach, Egan, and Covington school sites, highlighting two different options for each. An option to co-locate BCS with Blach and Egan middle schools was also presented. Discussion included the following points:

- Add a third option to the Egan site to include Santa Rita Elementary.
- Add a third option to the Covington site to include Santa Rita Elementary.
- The viability of Blach is questionable because of concerns with traffic.
- Consider modifying the Egan and Covington sites to include new access and entrances to address traffic and circulation concerns. The City would need to analyze the feasibility of developing these new entrances.
- The District concluded that, from their perspective, none of the three sites will work as desired because of cost, long-term viability, traffic, and safety.

3. Assess the Civic Center site and compare the four potential sites.

The Subcommittee did not have time to address this item; will be covered at the next meeting.

4. Preparing for the next meeting

The subcommittee agreed to meet next on Wednesday, September 9, 7:00-8:30pm. The main agenda item: Assess the City Civic Center site and compare it to the District's site evaluation.

Public Comment

One member of the public provided comments: Natalie Elafant.

Meeting adjourned at 8:35pm.
