

DATE: December 11, 2013

AGENDA ITEM # 2

TO: Parks and Recreation Commission
FROM: Dave Brees, Special Projects Manager
SUBJECT: Draft ADA Transition Plan

RECOMMENDATION:

Provide comments on Draft ADA Transition Plan

BACKGROUND

Title II of the Americans with Disabilities Act (ADA) requires public entities to identify and evaluate all aspects of operations, programs, and services for the purposes of eliminating any barriers to individuals with disabilities. The City has secured the services of Moore, Iacofano, and Goltsman Inc. (MIG) to conduct such an evaluation and prepare a transition plan for the City.

DISCUSSION

This preliminary Transition Plan document contains a review of City policies and services as well as physical evaluations of its buildings and parks (Appendix C); its downtown parking lots (Appendix D); and its right-of-ways adjacent to City facilities and schools (Appendix E). The Plan provides recommendations and prioritizes actions for the removal of, or alternative to, the barriers identified in the report.

As part of the public outreach element of the ADA Transition Plan process, staff is presenting the Draft Plan to the Parks and Recreation Commission, the Senior Commission, and the Bicycle, Pedestrian Advisory Commission to receive input on the document. Comments received from the Commission will be combined with those received at other public meetings and included to the final report for presentation to the City Council.
