### Updates

#### **Healthy Food and Beverage Update**

The vending machines at the Hillview Community Center are scheduled to make the change to 100% healthy choices the week of February 29, 2016. Staff is currently working on making changes to the vending machines at the Maintenance Service Center and the Police station to comply with the healthy food and beverage standards.

#### **New BBQ at Patriot Corner**

The Rotary-built and donated grill at Patriot Corner was completed and is now available for use.

#### **Status of Trees in Redwood Grove**

City of Los Altos staff is aware of the declining condition of the Redwood trees in Redwood Grove and feels that this is a direct result of the current drought. At this time staff does not believe the tree deterioration is a result of disease. Staff will monitor the trees closely in the coming months and take measures to mitigate the deterioration or contact an outside arborist if necessary.
