

CALL FOR ENTRIES

Los Altos Bike Rack Design Competition

The City of Los Altos, in partnership with the Public Arts Commission, is sponsoring an artistic bike rack competition. This project seeks to add a new element of distinctive public art to City streets and provide an opportunity for the community to think creatively and imaginatively about our streetscapes. The goal of this community art project is to begin with 4 artistic bike racks placed in Downtown Los Altos and eventually expanding to other areas in the City.

The project schedule begins in October 2015 with installation to be completed by mid-May 2016 for Bike to Work Week.

For more information, visit www.losaltosca.gov/publicartscommission.

**SUBMISSION
DEADLINE**

November 23, 2015

No late entries will be accepted
