

CALL FOR ENTRIES

Los Altos Bike Rack Design Competition

The City of Los Altos Public Arts Commission is sponsoring a second artistic bike rack competition. Building on the success of the first competition, this project will continue to add distinctive public art to City streets and provide an opportunity for the community to think creatively and imaginatively about our streetscapes. Racks will be placed on sidewalks and in parks throughout the City.

The project schedule begins in October 2016 with installation to be completed by mid-May 2017 for Bike to Work Week.

For more information, visit www.losaltosca.gov/publicartscommission.

**SUBMISSION
DEADLINE**

November 21, 2016

No late entries will be accepted
