ONE NORTH SAN ANTONIO ROAD LOS ALTOS, CALIFORNIA 94022-3087

November 11, 2017

Honorable Mayor and Members of the City Council City of Los Altos, California

We are pleased to present the Comprehensive Annual Financial Report (CAFR) of the City of Los Altos, California (the City) for the fiscal year ended June 30, 2017 with the Independent Auditors' Report. The CAFR was prepared by the City's Administrative Services Department. The information contained in this CAFR is based on a comprehensive framework of internal control established for this purpose. The objective is to provide reasonable assurance that the financial statements are free of material misstatements. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the City. We believe that the data, as presented, is accurate in all material respects, that the presentation fairly shows the financial position and the results of the City's operations as measured by the financial activity of its various funds, and that the included disclosures will provide the reader with an understanding of the City's financial affairs.

This letter of transmittal is designed to complement the Management's Discussion and Analysis (MD&A) section of the CAFR and should be read in conjunction with it. The MD&A provides an important narrative introduction, overview and analysis of the Basic Financial Statements, and can be found immediately following the report of the independent auditors.

PROFILE OF THE CITY AND ITS SERVICES

Tree-lined streets and a small village atmosphere characterize Los Altos, which is located in the heart of world famous Silicon Valley. Just 40 miles south of San Francisco, Los Altos is a residential community with a population of approximately 32,000 served by seven small retail areas. The seven-square mile residential city is developed with small businesses, schools, libraries and churches. Incorporated on December 1, 1952, Los Altos is a general law city operating under the Council-Manager form of government. There are five Council members elected at large, serving four-year overlapping terms. Municipal services provided include police, street maintenance, engineering, community development, parks, recreation and sewer. Fire protection is contracted with the Santa Clara County Central Fire Protection District.

SERVICE EFFORTS AND MAJOR INITIATIVES

Service Efforts

In FY 2016/17, the City continued its commitment to provide a high level of service to its residents and citizens, and adhered to its adopted financial plan as evidenced by the budget-to-actual reporting presented within this document. Budgetary limits again were met with the General Fund reporting a healthy operating surplus this year while contingency reserves were strengthened. All major funds performed as expected through proper stewardship and integrity of funds.

Major Initiatives

Capital Improvements: FY 2016/17 marked another year of capital investment into the community with further resources applied to City-wide improvements. Some of the key capital expenditures of note during FY 2016/17 include the following:

- \$850,000 Street Resurfacing
- \$813,000 Sewer System Repair Program
- \$735,000 Structure Reach Replacement
- \$379,000 Fremont Ave Bridge Replacement
- \$285,000 Fremont Ave Pedestrian Bridge Improvements
- \$144,000 I.T. Initiatives
- \$123,000 Plaza 3 Driveway
- \$93,000 Civic Facilities Capital Recovery
- \$92,000 GIS Updates

Civic Facilities: This last fiscal year confirms the priority of the City Council to address the City's aging facilities and buildings. In 2016, the City conducted a comprehensive facilities condition assessment, the purpose of which was to determine both the deferred and needed maintenance for each of the City's facilities. In 2017, The City Council approved construction of a new Community Center. The construction is set to begin late 2018 and will be fully funded using existing CIP Reserves and Park in Lieu Funds.

Commercial Districts: The City has seven commercial districts which provide retail centers for City residents. Each of these districts are vital to the economic well-being of the City. The City Council has made long-term planning for two of these districts, Downtown Los Altos and Loyola Corners, a priority. A comprehensive update to the Loyola Corners Neighborhood Commercial Center Specific Plan is underway and will provide planning strategies for this area. The City is currently drafting a Downtown Vision which will look at various economic scenarios for the Downtown and help the community shape its desires for the Downtown.

FINANCIAL CONTROLS AND PROCEDURES

Financial Policies: Throughout the years, the City has followed a fiscally conservative philosophy of building and maintaining healthy financial reserves. This practice has allowed the City to continue providing quality services to its residents while finally positioning itself to invest in the rehabilitation of its infrastructure. On an annual basis, the Council approves financial policies designed to promote sound financial management and ensure fiscal integrity over time. This CAFR reflects the implementation of these

financial guidelines and presents all fund reserves and designations to define fund balance commitments and obligations as of the financial report date.

Internal Control Structure: City management is responsible for establishing and maintaining fiscal internal controls designed to safeguard the assets of the government from loss, theft or misuse, and to ensure that accounting data is accurately compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of controls should not exceed the benefits likely to be derived and (2) the valuation of costs and benefits require estimates and judgments by management. A new purchasing policy was implemented in Fiscal 2016/17 and will be evaluated as needed by the Financial Commission and City Council.

Cash Management Policies: It is the City's practice to "pool" available cash from all funds for investment purposes. In accordance with the annually adopted investment policy, available cash is invested with the goal of safety, meaning protection of principal, as the priority, ensuring adequate liquidity as the second priority and maximizing yield as the third priority. This past year continued to display moderate growth in the historically low interest rates with LAIF earnings rates around 1%. Staff acted on the Council's direction to engage investment advisory services and will continue to diversify the City's investment portfolio as a means of mitigating the impact of interest rate swings. As always, the emphasis remains on preserving the safety of principal.

Strengthening Key Fund Reserves: This financial report reflects the attainment of judicious fiscal reserves noting increases in both capital and economic safety fund balances. As projected in the budget process, the results herein place the City in a position to maintain its 20% General Fund reserve goal. The City proactively is preparing for the increase in the annual CalPERS payments by significantly increasing the CalPERS Reserve from \$600,000 to \$3 million at Mid-Year of FY16/17. The City also increased its Technology Reserve from \$1.4 million to \$2.4 million to further enhance its commitment to the current IT Road Map and new Enterprise Resource Platform (ERP) for Finance and Reporting.

Risk Management: The City is insured for general liability through the Bay Cities Joint Powers Insurance Authority that covers claims in an amount up to \$10 million with a deductible or uninsured liability of up to \$100,000 per claim. The City is self-insured for Workers' Compensation and has an excess insurance policy for such claims up to the statutory limits. Effective July 1, 2010, the deductible for Workers' Compensation was lowered to \$250,000 to further enhance risk protection. The City continues to maintain more than adequate funding levels to cover the cost of its actuarial obligations, but these rising cost areas will require continued attention in the coming years.

GASB 45 Compliance: As stated in last year's CAFR, this report complies with the provisions of Government Accounting Standard Board Statement #45 (GASB 45). This standard pertains to Other Post Employee Benefits (OPEB) and requires the completion of an actuarial study to account for post employee benefit liabilities that exist. This reporting requirement is described in financial note 12 of the CAFR and the related liabilities reflected in the statements. As of June 30, 2017, the City's net OPEB obligation was valued at \$899,507, an amount reflected in the government-wide statements. The City has set aside \$1,500,000 in reserves to address this liability funding. The City has moved this set aside to an irrevocable trust for OPEB with CalPERS.

EXECUTIVE FINANCIAL OVERVIEW

This executive financial overview is presented as a supplement to the more detailed and comprehensive analysis presented in the MD&A. This section highlights key financial performance indicators for our major funds.

General Fund

The General Fund, the primary operating fund of the City, favorably exceeded expectations with an operating surplus of \$5.8 million for Fiscal Year 2016/17 after all necessary transfers. This year's surplus is higher than usual and can be attributed to the City's vacant positions which were above twenty at one point during the fiscal year. Currently, the City is now close to being fully staffed. Through our continued commitment to sound financial planning, conservative budgeting and faithful stewardship, annual surpluses around \$2-3 million dollars are expected to continue. At year end, the total General Fund balance equaled \$43.8 million with an unreserved fund balance of \$6.1 million after commitments and assignments. As planned for in the budget process, some of this surplus margin has been allocated to maintaining the City's Operating Reserve at 20% and allocating funding to capital improvements, such as the new Community Center.

Considering the transfer and use of reserve activity listed below, the final General Fund balance still increased by \$5.7 million. This non-operating and transfer activity is as follows:

- \$137,657 transfer in from public safety grant funds
- \$16,790 transfer in from safety vehicle impound fees
- \$164,893 transfer out for general debt service payments

The General Fund revenue stream continues to grow at a steady pace. Property tax, which accounts for nearly 50% of the City's revenues, continues to be the City's strong point with an increase of 5.75% in Fiscal Year 2016/17.

Revenue (millions)	2017 Actual	2016 Actual	Variance \$	Variance %
Property Tax	\$19.86	\$18.78	\$0.98	5.75%
Sales Tax	3.28	3.20	0.08	2.5%
Transient Occupancy Tax (TOT)	2.98	2.61	0.45	2.41%
Utility Users Tax	2.68	2.67	0.01	0.37%
Other Taxes	1.34	1.31	0.03	2.29%
Franchise Fees	2.08	2.03	0.05	2.46%
Interest	0.67	0.33	0.34	203%
Recreation	2.07	2.14	-0.07	-3.38%
License and Permits	4.12	4.12	-	0%
Other	0.28	0.43	-0.22	-35%
Total	\$39.36	\$37.62	\$1.52	4.63%

General Fund revenues increased by nearly 4.7% overall in contrast to a 7% increase in the prior year. Revenues came in above of our annual budget estimates with property tax, transient occupancy tax (TOT) and franchise fees being the front runners. Sales tax showed only a moderated growth at 2.5% and is expected to remain relatively flat for the upcoming year. TOT showed a 2.4% increase, more in line with current expectations. Interest income doubled from its prior amount in the year before. The City's other taxes, such as real estate transfer tax and documentary transfer tax, remained relatively stable. License and permit fees were flat and are expected to slightly decline based on development activity within the City. Recreation programs came in slightly below last year.

General Fund expenditures came in within target of budget. As in years past, General Fund expenditures came in significantly below General Fund revenues. Although this is continued evidence of sound fiscal

management, we continue to recommend prudence and caution in future fiscal planning, as well as a continual effort to look for opportunities to improve management of City funds.

Other Funds

Capital Project Funds: The Capital Projects Fund was very active, with expenditure levels reaching \$3.6 million, ending the year with a negative total fund balance of (\$139,000). This fund will be made whole through a transfer at mid-year.

Special Revenue, Internal and Enterprise Funds: All other Governmental and Business Type funds performed as expected. Non-major special revenue funds ended the year with a combined balance of \$7.3 million while Enterprise funds ended the year with combined balances of \$20.3 million.

Trust and Agency Funds: The City acts as a custodian of funds held for the benefit of others including the administration of the North County Library Authority (NCLA). The long-standing Raymundo and the Blue Oak Lane Sewer special assessment district are classified in the trust and agency group in recognition of the limited nature of this debt which is fully collateralized by homeowner assessments without City obligation.

ECONOMIC TRENDS

The City has performed well financially overall and continues to maintain its target reserve levels. As we navigate FY 2017/18 and beyond, we remain constantly aware of the financial challenges that face all local municipalities such as the significant rises in pension, healthcare and construction costs. Given the reliance on property tax revenues and the decrease in Community Development fees and other revenue streams, we must remain ever vigilant in monitoring economic trends and long-term financial issues. Through fiscal stewardship, proper budgeting and prudent use of our reserves, the City of Los Altos is set to enhance its commitment of taking care of its capital needs and residents for years to come.

INDEPENDENT AUDIT

The public accounting firm of Maze and Associates performed the armual independent audit. The auditors' report on the City's financial statements is included in the financial section of this report.

AWARDS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City for its CAFR for the fiscal year ended June 30, 2016. This was the eleventh consecutive year that the City has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized CAFR. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

ACKNOWLEDGEMENTS

Preparation of this report could not have been accomplished without the efficient and dedicated services of the Finance Division staff, most notably Sarina Revillar our Finance Manager. We would like to express our appreciation to all members of the Finance Division who contributed to the final product. We also want to thank Maze and Associates, our independent auditors, for their professionalism in performing this year-end financial audit, as well as the members of the Financial Commission for their dedication and expertise to help shape policies and procedures. A final thank you to the City Council and Executive Team for their leadership and support, without which the preparation of this report would not have been possible.

Respectfully submitted,

Sharif Etman, MBA

Executive Director/CEO

INDEPENDENT AUDITOR'S REPORT

To the Honorable Members of the City Council City of Los Altos, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Los Altos, California, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the Table of Contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City as of June 30, 2017, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis, and Other Required Supplementary information listed in the Table of Contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The Introductory Section, Supplemental Information, and Statistical Section listed in the Table of Contents are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Supplemental Information is responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Supplemental Information is fairly stated in all material respects in relation to the basic financial statements as a whole.

The Introductory and Statistical Sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated November 11, 2017, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the City's internal control over financial reporting and compliance.

Maze & Mociates

November 11, 2017

City of Los Altos Management's Discussion and Analysis Fiscal Year Ended June 30, 2017

The purpose of this discussion and analysis is to provide an overview of the City's financial performance and activities for the fiscal year ended June 30, 2017. Readers are encouraged to consider this information in conjunction with the executive summary provided in the letter of transmittal that can be found on pages i to v of this report.

USING THIS ANNUAL REPORT

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements, which is comprised of three components: 1) government-wide financial statements; 2) fund financial statements; and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Reporting on the City as a Whole

Government-wide Financial Statements: The *government-wide financial statements* are designed to provide readers with a broad overview of the City's finances in a manner similar to a private sector business.

The *statement of net position* presents information on all City assets and liabilities, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *statement of activities* presents how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City include general government, public safety, maintenance and public works services, planning, building, engineering and recreation. The City's business-type activities include water, wastewater, storm water and parking.

The government-wide financial statements can be found on pages 21 to 23 of this report.

Reporting on the City's Most Significant Funds

Fund Financial Statements: A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All the funds of the City can be divided into three categories: governmental funds; proprietary funds; and fiduciary funds.

Governmental Funds: Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains 16 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, In-Lieu Park Land Special Revenue Fund, and Capital Project Fund, each of which are major funds. Data from the other 13 governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these *non-major* governmental funds is provided in the form of *combining statements* elsewhere in the fund financial statements section of this report.

An annual appropriated budget is adopted each year for each governmental fund. A budgetary comparison statement has been provided for several key governmental funds to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 26 to 29 of this report.

Proprietary Funds: The City maintains two types of proprietary funds. Services for which the City charges customers a fee are generally reported in the City's enterprise funds. These proprietary funds, like the government-wide statements, provide both long-term and short-term financial information. Internal service funds are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for its City dental plan and unemployment insurance, as well as Workers' Compensation and Liability Insurance costs. Because these services predominantly benefit the governmental function, they have been included in the government-wide financial statements and related intra-fund charges have been eliminated accordingly.

Proprietary fund financial statements provide the same type of information as the governmentwide financial statements, only in more detail. All four internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements elsewhere in this report. The City's three enterprise funds (Sewer, Solid Waste and Storm Drain) are considered major funds and are presented as such in the fund financial statements. The City follows the practice of adopting annual budgets for these operations as well.

The combining statements referred to earlier in relation to non-major governmental funds, proprietary and internal service funds, are presented immediately following the notes to the financial statements. Combining and individual fund statements and schedules can be found on pages 89 to 115 of this report.

Notes to the Basic Financial Statements: The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. These can be found on pages 37 to 72 of this report.

Other Information: In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City's budget-toactual financial comparisons for the General Fund. The City has elected to present this information within the basic financial statement and financial statement sections of the report.

The City as Trustee

Fiduciary Funds: The City is the trustee, or fiduciary, for the North County Library Authority (NCLA) and two special assessment districts - Raymundo and Blue Oak Sewer Lane improvements. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The City is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

-Detail Summary--Combining Financial Fund Financial Financial Section (I) Statements & Statements (III) Schedules (V) Non Major Management Governmental & Discussion Budgetary Proprietary Fund Statements & Analysis **Funds** Notes to Statistical Government Financial Section (VI) Wide (Un-audited) Statements (IV) Financial Statements (II) Statements of Net Assets & Activities

FINANCIAL HIGHLIGHTS

The City ended its fiscal year on a government-wide basis with total revenues of \$48.7M which was consistent with the prior year, and expenses of \$41.5M, an increase of 3.8%. The results represent combined government and business operations, with an overall increase in net position of \$7.2M due to continuing strong revenues combined with contained expenditures City-wide. These favorable fiscal results have continued to strengthen the City's reserves and allow the City to continue proactive capital project plans.

Operational revenue gains were noted in property tax, hotel occupancy, and sales tax. The Capital Grants and Contributions decreased by \$722K due to a decrease in grant revenues in the Public Works department. The community development fees in 2017 continue to decrease due to fewer development projects. Sewer revenues increased as part of a multi-year rate increase program to facilitate future operational and capital needs.

The increase in Government-wide expenses is the result of an effort to begin filling critical staff positions. Resource uses continue to reflect an emphasis on public safety, infrastructure maintenance, quality of life and community development activity.

The City has made significant progress on many capital improvement initiatives, which include maintenance and street resurfacing, streetscape and intersection improvements, and pedestrian and traffic safety enhancements throughout the City. The City has also made significant capital investments in the maintenance and improvement of the City-wide sewer systems.

The Government-wide deficiency of operating revenues over expenditures reflects increased costs in capital improvements. The capital improvement expenditures came in above what was anticipated for the year. As we continue to move forward on the capital improvement initiatives, we will begin to position ourselves in a favorable position as upcoming budgets are developed.

Government-Wide View

- Net position (excess of assets over liabilities) equaled \$110.6M, an increase of \$7.2M, or 6.9%. This is attributed to significant grant and capital contributions with partial offsets given the use of funds for infrastructure maintenance and improvements. The City's net position represents its total net holdings, which are not necessarily unrestricted depending upon the source of the original funding.
- Unrestricted assets equaled \$35.9M. Governmental unrestricted assets totaled \$24M at year
 end, an increase of \$8.5M, while business activities-related unrestricted assets totaled
 \$11.9M. The unrestricted net position, as presented in the government-wide section of the
 CAFR, does not account for local fund restrictions, project assignments and/or policy
 reserves as classified with the governmental fund section of the report.
- Governmental activities reported ending net position of \$90.3M, an increase of \$6.8M. The increase in government net position arises from positive operating results, fee collections and cost containment.
- Business activities reported ending net position of \$20.3M, an increase of \$325K due to
 positive operating results in the Sewer and Solid Waste Funds and substantial capital
 investments along with partial offsets of Storm Drain activity losses.

• On a combined basis, restricted net position amounted to \$11.5M vs. \$14.4M last year and represents the extent to which funds are categorically constrained.

Fund Level View

- The General Fund realized an operating surplus of \$5.8M; \$2.5M above the prior year due
 to vacancies. Property tax and sales tax attribute to a higher than anticipated surplus while
 maintaining contained spending.
- General Fund revenues, excluding transfers, increased slightly over prior year actuals by \$1.4M or 3.6% to \$39.1M. Current year results also exceeded budget estimates by 4%. Related expenditures decreased by \$1.1M to \$33.3M, or 1%, a result of vacant positions.
- Total governmental fund balances equaled \$55.3M at fiscal year-end, a \$2.7M increase from the prior year. The significant savings in the expenditures realized are in the general fund.
- General government capital spending totaled approximately \$4.9M. The level of capital reinvestment in Los Altos reflects a sustained focus on maintenance of streets, facilities, traffic calming efforts and safety. The Capital Improvements Projects Fund balance decreased by \$700K due to a decline incoming grant funds and special purpose revenues to end the year at \$1.6M.
- The Traffic Impact Fee Fund ended the year with a fund balance of \$1.2M with revenues of \$4K offset by transfer to the Capital Projects Fund of \$115K.
- The Gas Tax Fund balance decreased by \$148K to \$1.5M with funds used for capital projects including surplus revenue for the year.
- Sewer operations ended the year favorably in net position of \$16.7M. Operating expenses were consistent with last year at \$6.8M. A review of maintenance expenses reflects continued attention to system maintenance.
- As in the prior year, the Storm Drain Fund has exhausted available resources. These operations are now fully General Fund-subsidized and will continue to be absent until the implementation of a fee-based model.
- Both workers' compensation and general liability claim liabilities had changes from the prior year due to recognition of the City's claims liability at the 80% confidence level. The Workers' Compensation Fund ended the year with an unrestricted net position of \$1.9M, an increase of \$1.2M. The General Liability Fund ended the year with unrestricted net position of \$1.6M, an increase of \$489K. Both funds cover their actuarial valuations, which coupled with a proactive risk management program, make the City well positioned to address claim liabilities.
- Other Non-Major Governmental Funds ended the year with a total combined fund balance of \$4.6M, a decrease of \$24K or 6.1%.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

This analysis focuses on the net position and changes in net position at the City-wide level as presented in the statement of net position and statement of activities which are summarized below as of June 30, 2017. As noted earlier, net position may serve over time as a useful indicator of a government's financial position. On a combined basis, the City experienced an increase of \$7.2M or 7% in net position.

City of Los Altos Fiscal Year Ending June 30, 2017

	Governmental Activities			Business-Type	Activities

Total Net Position	\$	90,270,262	\$	83,438,810		\$ 20,310,181	\$ 19,985,340

Investment in capital assets makes up the largest portion of the City's net position of sixty percent (60%). These assets reflect land, buildings, infrastructure, machinery and equipment, less any associated outstanding debt. As these assets represent foundational infrastructure used in support of basic City services, they are generally not available for future spending.

A portion of the City's net position, consisting of eight percent (13%), represents resources subject to external spending restrictions. The remaining twenty-seven percent (27%) of net position are defined as unrestricted and generally available for future capital projects and discretionary use with the caveat these funds are a composite of several governmental funds which may include assigned project commitments and assignments specifically associated with active and ongoing projects.

Some key entity-wide observations include the following:

- Cash and investments has a slight increase by \$117K from last year holdings, a factor of favorable revenue collections, cost savings and collection of one-time fees, which includes highs in both property tax and transient occupancy tax collection.
- Net position equaled \$111M, an increase of \$7.2M or 7%, largely due to GASB 68 and the recognition of the City's \$30.2M net pension liability.
- Substantial capital improvements, approximating \$5.2M, were realized. These include pedestrian and bicycle safety enhancements, street repairs and striping, major streetscape and intersection enhancements, concrete repairs, facility maintenance, and safety technology improvements.
- Business-type activities reported net position of \$20.3M at year end, a \$325K, or 2% increase. The Sewer Master Plan has been completed along with a multi-year rate adjustment program to provide resources to address sewer infrastructure rehabilitation. Solid Waste revenues exceeded direct expenses allowing for future initiatives in this important environmental area of operations.

Governmental Activities

Governmental programs, which include public services, realized revenue decrease of \$1.1M, or 14%, while total expenditures decreased by \$682K, or 2%. Including all sources and uses, governmental net position increased by \$5.1M, or 8.2%, ending the year with a total fund balance of \$90.3M.

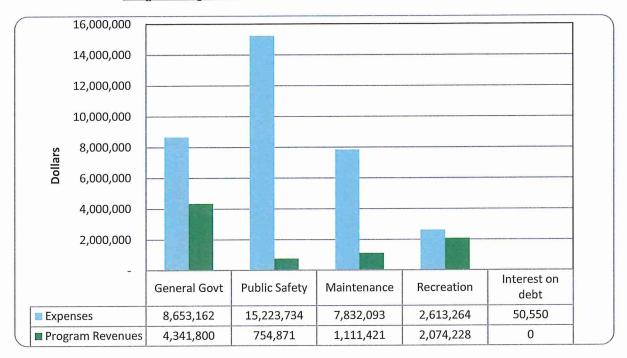

- Property tax continues to be the City's single largest source of revenue representing about 41% of general government-wide revenues. Property tax continued its aggressive growth increasing by \$1.2M, or 6%.
- Charges for services, making up 29% of government revenues, decreased as expected as community development fees declined from the prior year amount. The revenue category was supported by gains in Public Safety.
- Other major taxes showed stability with an increase of \$420K or 11%, due to hotel occupancy tax, resulting from the opening of a third hotel and the strong regional business climate.
- Interest revenues, came in below prior year actuals by \$204,892 given continued historically low rates in line with the current Federal Reserve.
- Government expenses, including allocated capital maintenance costs, decreased by \$681,744 or 2%. This decrease is primarily the result of the City's effort to fill positions that were held vacant during the economic downturn. Interest on long-term debt remained flat, reflective of the City's low debt level.

A comparison of the governmental activities and business-type activities program revenues and expenses for the current year and prior year is presented below:

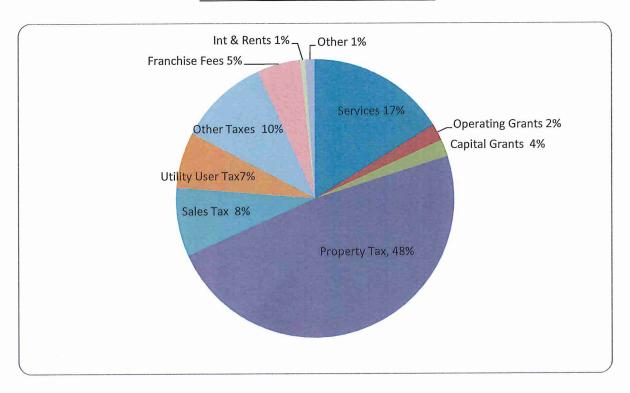

City of Los Altos Changes in Net Position Fiscal Year Ending June 30, 2017

Program Expenses and Revenues - Governmental Activities

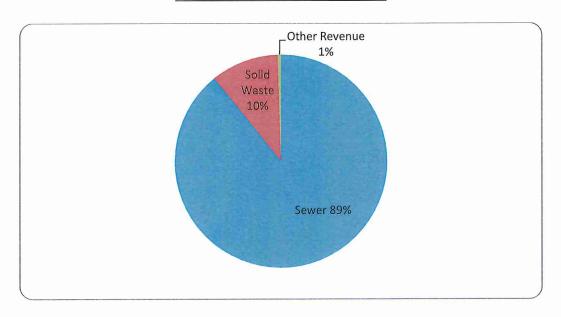

Government Revenues - All Sources

Program Expenses and Revenues - Business-Type Activities

Business Revenues - All Sources

Business-Type Activities

The programs for the business-type activities include sewer and solid waste collection management. These activities represent 18% of the total net position. The net position from the business-type activities increased by \$325K, or 2%, primarily due to the favorable operating results in the sewer fund.

- The Joint Sewer System Authority (JSSA) formed in 1968 by a joint exercise of powers among the Cities of Palo Alto, Mountain View and Los Altos, constructed, maintains and operates sewage treatment facilities serving its member cities. The City of Palo Alto acts as administrator for JSSA and bills each member its share of the operating costs. Los Altos is obligated through the year 2018 under an operating agreement with the City of Palo Alto for water treatment plant and sewer services. Payments under this agreement are based on expected usage and are adjusted annually based on actual use and site operating costs.
- Sewer revenue decreased by \$283K, or 4% from the prior year as the result of a five-year sewer rate program. A sewer study was conducted in June 2017 and we should see a positive result in the next few years.
- Sewer expenditures increased by 47% from the prior year, increasing by \$2.1M due to continuing to address sewer infrastructure.
- Revenue for solid waste collections increased by \$23K, in accordance with the City's
 agreement for administrative fee support, with a slight increase in expenditures of \$62K.
 Total net position in the fund increased by \$325K.
- As projected in budgetary estimates and the prior year financial reports, this fund has
 exhausted its reserves. Currently, the Storm Drain and Urban Runoff Pollution Control
 Programs (URPP) are categorized as enterprise activities, but are lacking a fee that pays for
 these services.

FUND FINANCIAL ANALYSIS

The City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds: The focus of the City's governmental funds is to provide information on near-term inflows, outflows and balances of *spendable* resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned or committed fund balances may serve as a useful measure of a government's net resources available for use at the end of the fiscal year. Fund balances have been re-categorized and presented in compliance with GASB 54.

The City's governmental funds reported a combined ending fund balance of \$55.3M, which \$6M remains unassigned.

The City has taken the prudent path of defining and assigning established key fund balance reserves as called out in adopted financial policies and projected in fiscal forecasts. These key reserves are defined as follows:

General Fund Contingency Reserves	June 30, 2017
Emergency Operating	\$6,905,000
OPEB	1,500,000
PERS	3,000,000
Technology	2,403,554
General Fund Capital and Equipment	23,821,192
Total General Fund Available Funds	\$37,629,746

The emergency and operating reserves, components of the General Fund, are safeguards in the event of an economic or financial crisis.

Overall favorable operating results have led to a total General Fund balance of \$44M, after transfers, and an unassigned fund balance of \$6.1M. These amounts align closely with long-term budgetary forecast and the adopted biennial operating plan.

Beyond the General Fund, other restricted funds also have key balances of importance in supporting the City's fiscal plan. These are summarized as follows:

Other Key Fund Balances	June 30, 2017
In-Lieu Park Land Fund	\$4,387,709
Capital Projects Fund	(139,776)
Other Governmental Funds	7,250,267
Total	\$11,498,200

The City continues to maintain a respectable reserve of in-lieu park funds, restricted as to parks, park land and recreation uses, at \$4.4M; a result of the significant private development activity in Los Altos. These, and the other dollars listed above, are anticipated to apply to future capital needs such as the newly approved Community Center.

The Capital Projects Fund balance varies materially as progress occurs on approved projects and external funding becomes available. In FY 2016/17, general government capital project spending approximated \$2.4M, a significant level commensurate with the prior year. Beyond funding previously approved projects, the City remains challenged to address the long list of identified and unfunded projects for future consideration.

Proprietary Funds: Proprietary funds provide the same type of information found in the government-wide financial statements, but with more detail.

Unrestricted net position at the end of the year in the Sewer Fund was at \$8.3M including approved capital projects. The Storm Drain Fund balance remains dependent on the General Fund while the Solid Waste Fund increased to \$3.6M. Factors concerning the changes in fund balance in these funds have already been addressed in the discussion of the City's business-type activities.

Both the Sewer and Solid Waste funds receive revenues from the City as a customer for routine service operations. In FY 2016/17 the City paid approximately \$28,570 in sewer fees and \$336,148 in waste hauling and disposal services. These amounts are recorded within the "Charges for Services" revenue line item in the proprietary financial statements.

Capital Assets and Debt Administration

Capital Assets: The City's investment in capital assets for its governmental and business-type activities at year-end amounts to \$63.1M (net of accumulated depreciation).

Investments in capital assets include land, buildings, improvements, machinery, streets, infrastructure and equipment. Governmental capital assets totaled \$56M and those of business-type activities totaled \$8.4M. Assets increased by \$889K overall with depreciation outpacing new additions. Additional information on capital assets can be found in footnote 4 of these financial statements as part of the summary listed below:

Capital Assets as of June 30, 2017

	Governmental Activities	Business Activities	2017 Total	2016 Total
Land	\$11,642,285	0	\$11,642,285	\$11,642,285
Work in Progress	7,788,517	0	7,788,517	7,362,077
Buildings	11,807,927	8,099,578	19,907,505	20,204,277
Improvements	3,283,018	0	3,283,018	3,304,675
Machinery & Equip	1,413,557	303,887	1,717,444	1,275,955
Infrastructure	20,144,529	0	20,144,529	19,805,577
Total Assets	\$56,079,833	\$8,403,465	\$64,483,298	\$63,594,776
Less Related Debt	(1,355,000)	-	(1,355,000)	(1,460,000)
Net Investment in Capital Assets	\$54,724,833	\$8,403,465	\$63,128,298	\$62,134,776

Debt Administration: At the end of the current fiscal year, City bond and assessment debt decreased by approximately \$100,000. The total outstanding bond debt balance at year-end is approximately \$1.4M and relates solely to the purchase of Rosita Park (formerly known as the Saint Williams site). No additional debt was incurred, and the City has no significant capital leases.

Other debt consists of long-term employee compensated absence obligations of \$1.6M, for general and business activities, a factor of accumulated balances at year-end.

Additional information on long-term obligations can be found in footnotes 6 and 7 to these financial statements.

Long-Term Debt as of June 30, 2017

《基注题》	Governmental Activities	Business Activities	2017 Total	2016 Total
Certificate of Participation	\$1,355,000	\$0	\$1,355,000	\$1,460,000
Compensated Absences	1,503,785	64,292	1,568,077	1,568,626
Total	\$2,858,785	\$64,292	\$2,923,077	\$3,028,626

The City also carries a year-end net Post-Retirement Health obligation (OPEB) of \$899,507. This obligation is in line with annual actuarial valuations and is a factor of benefit levels.

GENERAL FUND BUDGETARY HIGHLIGHTS

The FY 2016/17 General Fund budget, adopted as part of the biennial plan, equaled \$35.2M. Budget to actual results came in favorably with revenues exceeding estimates by \$1.5M or 4% and expenditures coming in at 5% below established limits, for year-end revenues over expenditures of \$5.7M.

ECONOMIC FACTORS AND FY 2017/18 BIENNIAL BUDGET AND RATES

General Fund revenue is forecast to increase by 2%, while expenditures are budgeted to increase by 3%. T The 2017/18 budget anticipates that the City will return to a staffing level that is currently budgeted at 133 positions. The City is also evaluating future funding to address aging city facilities and the fiscal impact of published and pending master plans.

The biennial budget was developed to maintain sound fiscal posture, present a balanced General Fund and enhance reserve levels to address aging infrastructure replacement. The budget continues to integrate a fully-funded comprehensive five-year Capital Improvement Program and strategic forecasts. Key budget highlights are noted below:

- Revenues are expected to increase in line with current year results. The City maintains a 20% General Fund reserve as endorsed by the City Council for the fifth consecutive year. The City continues to fund its OPEB reserve along with adding funds to the PERS reserve (currently \$3M) to offset the impact of future increases in retirement costs. The City has also set aside funds for future capital investments in technology initiatives, such as a new Enterprise Resource Platform or ERP system.
- The budget projects an increase of 5% in property tax receipts, noting a steady improvement in property values. This projection includes secured property tax, unsecured property tax, homeowner property tax relief, property tax in lieu of vehicle license fees and supplemental property tax. Property tax makes up nearly half of all governmental funds revenue.
- Other key taxes are estimated to experience flat to very minor increases. Utilizing the
 most recent data and regional and national trends, key City tax revenues including sales
 tax, hotel occupancy tax, and motor vehicle license fees are anticipated to remain flat
 over prior year with only slight increases (1-3% range).

- Planning and building activity has shown significant development strength in the past, however is it expected to slow down and has projected a slight decrease in this revenue base. These projections anticipate flat or declining growth in local activity. This decline is specific to the City of Los Altos.
- Total authorized positions are currently budgeted at 133 full time equivalent employees.
- The two-year budget honors existing and new multi-year labor contracts. A new labor group, Los Altos Municipal Employees Association (LAMEA) officially entered an MOU with the City for a term of three fiscal years. Salaries for filled authorized positions remain within budget projections.
- General operational costs were held relatively flat growing by 4.6% at the end of year two. The return to full staffing along with rising pension and healthcare costs are the main contributors to the increase, with the City maintaining all other operating expenditures close to current levels.
- The budget also reflects increases for the City's normal pension costs. The recent announcement by CalPERS to lower the discount rate, which in turn asks for significant increases to the City's annual unfunded liability payments is currently being addressed by City Council and Executive Team leadership. Future budget adjustments will be needed to address these increases along with utilizing the newly created PERS Reserve (currently \$3M) to help mitigate the year-over-year impact.
- Overall, PERS pension rates increased but were mitigated by the pay-down of the City's side-fund liability which was fully paid down in FY 2012/13. Rates for public safety and miscellaneous employees increased from prior year levels as recent changes in legislation and assumptions continue to drive pension costs. Health insurance rates are assumed to increase by at least 7.5%.
- In 2011/12, the City successfully implemented a second-tier pension model that lowers the level of benefit for new hires. This change is anticipated to render material savings as the years evolve.
- The budget incorporates storm water-related costs into the General Fund budget while the City contemplates potential funding options for this program.

For a more current discussion of the state of the economy beyond those assumptions made in the FY 2017-19 two-year budget process, the reader should also refer to the transmittal letter included in this document.

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide Los Altos citizens, taxpayers, customers, investors and creditors with a general overview of the City's finances. Questions concerning any of the information provided in this report, or request for additional financial information, should be addressed to the Administrative Services Director, 1 North San Antonio Road, Los Altos, CA 94022.

FUND FINANCIAL STATEMENTS

The funds described below were determined to be Major Funds by the City in fiscal 2017. Individual non-major funds may be found in the Supplemental section.

GENERAL FUND

Accounts for all financial resources necessary to carry out basic governmental activities of the City that are not accounted for in other funds. The General Fund supports essential City services such as police, fire, street and parks maintenance, maintenance services, community development and recreation activities. The General Fund also includes the Real Property Proceeds Funds, which accounts for the proceeds from the sale of real property and the Community Facilities Renewal Fund, which accounts for the revenues and expenditures related to the community facilities renewal efforts.

IN-LIEU PARK LAND FUND

Accounts for revenues received in lieu of parkland dedications. The revenues are dedicated for purchasing or improving park or recreational facilities.

CAPITAL PROJECTS FUND

Accounts for the acquisition and construction of major capital projects and plans that are financed by resources other than proprietary funds.

CITY OF LOS ALTOS Reconciliation of the GOVERNMENTAL FUNDS -- BALANCE SHEET with the STATEMENT OF NET POSITION JUNE 30, 2017

Fund balances of governmental funds	\$55,314,008
Amounts reported for Governmental Activities in the Statement of Net Position are different because:	
Capital assets used in Governmental Activities are not current financial resources. Therefore, were not reported in the governmental funds balance sheet:	
Land, buildings, property, equipment and infrastructure, net	56,079,833
Interest payable on long-term debt does not require current financial resources. Therefore, interest payable was not reported as a liability in the governmental funds balance sheet.	(639)
Deferred outflows below are not current assets of financial resources; and the deferred inflows are not due and payable in the current period and therefore are not reported in the Governmental Funds.	
Deferred outflows Deferred inflows	10,683,014 (1,917,607)
Long-term liabilities are not due and payable in the current period. Therefore, they were not reported in the governmental funds	
balance sheet. Long-term debt - current portion	(110,000)
Long-term debt - noncurrent portion	(1,245,000)
Net pension liability	(30,199,412)
Net OPEB obligation	(841,039)
Compensated absences - current portion	(375,946)
Compensated absences - noncurrent portion	(1,127,839)
Internal service funds are used by management to charge the costs of certain activities to individual funds. The assets and liabilities	
of the internal service funds are included in governmental	
activities in the governmental-wide statement of net position.	4,010,889
NET POSITION OF GOVERNMENTAL ACTIVITIES	\$90,270,262

CITY OF LOS ALTOS

Reconciliation of the

NET CHANGE IN FUND BALANCES - TOTAL GOVERNMENTAL FUNDS

with the

STATEMENT OF ACTIVITIES FOR THE YEAR ENDED JUNE 30, 2017

Net change in fund balances of governmental funds	\$2,744,180
Amounts reported for governmental activities in the Statement of Activities are different because:	
CAPITAL ASSETS TRANSACTIONS	
Governmental Funds report capital outlays as expenditures. However, in the government-wide statement of activities and changes in net position, the cost of those assets is capitalized and allocated over their estimated useful lives as depreciation expense. This is the amount of capital assets recorded in the current period.	3,088,667
Depreciation expense on capital assets is reported in the government wide statement of activities and changes in net position, but they do not require the use of current financial resources. Therefore, depreciation expense is not reported as expenditures in governmental funds.	(1,877,672)
Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. Principal payment	105,000
The amounts below included in the Statement of Activities do not provide or require the use of current financial resources and therefore are not reported as revenue or expenditures in governmental funds (net change): Compensated absences Interest payable Net OPEB obligation Net pension obligation, and related deferred outflows and inflows of resources	15,670 9,343 (453,684) 1,505,083
Internal Service Funds are used by management to charge the costs of certain activities such as insurance, to individual funds. The net revenue of the internal service funds is reported with governmental activities.	1,694,865
Changes in net position of governmental activities	\$6,831,452

MAJOR PROPRIETARY FUNDS

Proprietary funds account for City operations financed and operated in a manner similar to a private business enterprise. The intent of the City is that the cost of providing goods and services be financed primarily through user charges.

The City reported all of its Enterprise Funds as major funds in fiscal 2017.

SEWER

To account for the operation (including waste water treatment) of the City's sewer treatment activities, a self-supporting activity which provides services on a user charge basis.

SOLID WASTE

To account for the collection and disposal of solid waste, a self-supporting activity that provides service on a user charge basis.

STORM DRAIN

To account for the operation of the City's urban runoff and storm drain activities.

FIDUCIARY FUNDS

AGENCY FUND

Agency Fund is custodial in nature (assets equal liabilities) and does not involve measurement of the results of operations. It is used to account for assets held in an agency capacity for others and therefore cannot be used to support the City's programs.

Total Liabilities	\$3,967,915

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Background

The basic financial statements of the City of Los Altos, California (the City), have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental agencies. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant of the City's accounting policies are described below:

Reporting Entity

The City incorporated in 1952. The City operates under an elected Council and appointed City Manager form of government and provides the following services: public safety, recreation, community development, public works, capital improvements, and general supporting administrative services. The City has no component units.

B. Basis of Presentation

The accounts of the City are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for within a separate set of self-balancing accounts which includes its assets, liabilities, fund equity, revenues and expenditures or expenses, as appropriate. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained consistent with such provisions and managerial requirements.

Government-wide Statements: The City's Government-wide Financial Statements include a Statement of Net Position and a Statement of Activities and Changes in Net Position. These statements present summaries of governmental activities and business-type activities for the City, the primary government, accompanied by a total column. Fiduciary activities of the City are not included in these statements.

These basic financial statements are presented on an "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all of the City's assets and liabilities, including capital assets, as well as infrastructure assets and long-term liabilities, are included in the accompanying Statement of Net Position. The Statement of Activities and Changes in Net Position presents changes in the net position of the City. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability for goods or services is incurred.

Certain types of transactions are reported as program revenues for the city in three categories:

- Charges for services
- Operating grants and contributions
- Capital grants and contributions

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Certain eliminations have been made as prescribed by GASB Statement No. 34 in regards to interfund activities, payables, and receivables. All internal balances in the Statement of Net Position have been eliminated except those representing balances between the governmental activities and the business-type activities, which are presented as internal balances and eliminated in the total primary government column. In the Statement of Activities and Changes in Net Position internal service fund transactions have been eliminated; however, those transactions between governmental and business-type activities have not been eliminated. The following inter-fund activities have been eliminated:

- Due to, due from other funds
- Transfers in, transfers out
- Internal service fund transactions

Fund Financial Statements: Governmental fund financial statements include a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balances for all major governmental funds and non-major funds in the aggregate. An accompanying schedule is included to reconcile and explain the differences in fund balances as presented in these statements to the net position presented in the Government-Wide financial statements.

Governmental funds are accounted for on a spending or "current financial resources" measurement focus and the modified accrual basis of accounting. Accordingly, only current assets and current liabilities are included on the balance sheets. The Statement of Revenues, Expenditures and Changes in Fund Balances present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current period.

Revenues are recorded when received in cash, except that revenues subject to accrual (generally 60 days after year-end) are recognized when due. The City's primary revenue sources, which have been treated as susceptible to accrual by the City, are: property tax, sales tax, hotel tax, special assessments, intergovernmental revenues, other taxes, interest revenue, rental revenue and certain charges for services. Expenditures are recorded in the accounting period in which the related fund liability is incurred and are accrued accordingly.

Deferred inflow of resources arise when potential revenues do not meet both the "measurable" and "available" criteria for recognition in the current period. Unearned revenues arise when the government receives resources before it has a legal claim to them, as when grant monies are received prior to incurring qualifying expenditures. In subsequent periods when both revenue recognition criteria are met or when the government has a legal claim to the resources, the revenue is recognized.

The reconciliation of the Fund Financial Statements to the Government-wide Financial Statements is provided to explain the differences created by the integrated approach of GASB Statement No. 34.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Proprietary Fund Financial Statements: Proprietary Fund financial statements include a Statement of Net Position, a Statement of Revenues, Expenses and Change in Net Position, and a Statement of Cash Flows for all proprietary funds.

A column representing the City's internal service funds, those funds that support agency wide shared service costs, is also presented in these statements. These internal service balances and activities are combined with the governmental activities in the Government-wide Financial Statements.

Proprietary Funds are accounted for using the "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all assets and liabilities (whether current or noncurrent) are included on the Statement of Net Position. The Statement of Revenues, Expenses and Change in Fund Net Position presents increases (revenues) and decreases (expenses) in total net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which liability for goods or services is incurred.

Proprietary Funds distinguish operating revenues and expenses and non-operating items. Operating revenues and expenses generally result from providing services in connection with the fund's principal ongoing operations. The principal operating revenues of the City's enterprise and internal service funds are charges for customer services, including sewer charges, solid waste fees, and support charges. Operating expenses for enterprise funds and internal service funds include the cost of services, administrative expenses, and depreciation on capital assets. All other revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Fiduciary Fund Financial Statements: The City's Fiduciary Funds are comprised of agency funds used to account for the operating activities and for the special assessment collections pertaining to the North County Library Authority, Raymundo and Avalon Drive Curb and Gutter Districts, and Blue Oak Lane Sewer Improvements. Agency Funds are custodial in nature (assets equal liabilities), do not involve the measurement of results of operations, and are accounted for on the accrual basis of accounting.

Internal Service Funds: Internal Service Funds account for services provided to other departments pertaining to the employee self-insurance dental program, unemployment insurance, workers' compensation insurance and liability insurance, all of which are funded on a cost reimbursement basis as budget projections and valuations develop.

C. Major Funds

Major funds are defined as funds that have either assets, liabilities, revenues or expenditures/expenses equal to ten percent of their fund-type total and five percent of the grand total. The General Fund is always a major fund. The City may also select other funds it believes should be presented as major funds.

The City reported the following major governmental funds in the accompanying financial statements:

General Fund – Accounts for all financial resources necessary to carry out basic governmental activities of the City that are not accounted for in another funds. The General Fund supports essential City services such as police, fire, street and parks maintenance, public works, and community development and recreation activities. The General Fund also includes the Real Property Proceeds Funds, which accounts for the proceeds from sale of real property and the Community Facilities Renewal Fund, which accounts for the revenues and expenditures related to the community facilities renewal efforts.

CITY OF LOS ALTOS NOTES TO BASIC FINANCIAL STATEMENTS

For the Year Ended June 30, 2017

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

In-Lieu Park Land Fund – Accounts for revenues received in lieu of parkland dedications. The revenues are dedicated for purchasing or improving park or recreational facilities.

Capital Project Fund – Accounts for the acquisition and construction of major general government capital projects and plans that are financed by resources other than proprietary funds.

The City reported all of its enterprise funds as major funds in the accompanying financial statements:

Sewer Fund – Accounts for the operation (including waste water treatment) of the City's sewer treatment activities, a self-supporting activity which provides services on a user charge basis.

Solid Waste Fund – Accounts for the administration and support of contracted solid waste services, a self-supporting user charge for services activity.

Storm Drain Fund – Accounts for operation of the City's urban runoff and storm drain activities.

D. Recognition of Interest Payable

In the Governmental Fund Financial Statements, interest expenditures on long-term debt are recognized when payment is made. In the Government-wide Financial Statements and Proprietary Fund Financial Statements interest expense is recognized as the liability is incurred.

E. Use of Restricted and Unrestricted Net Position

When an expense is incurred for purposes for which both restricted and unrestricted net position are available, the City's policy is to apply restricted net position first.

F. Cash, Cash Equivalents and Investments

The City pools its available cash for investment purposes. The City considers pooled cash and investment amounts, with original maturities of three months or less, to be cash equivalents.

In accordance with GASB Statement No. 31, Accounting and Financial Reporting for Certain Investments and for External Investment Pools, highly liquid market investments with maturities of one year or less at time of purchase are stated at amortized cost. All other investments are stated at fair value. Market value is used as fair value for those securities for which market quotations are readily available.

The City participates in an investment pool managed by the State of California known as the Local Agency Investment Fund (LAIF) which has invested a portion of the pool funds in Structured Notes and Asset-backed Securities. LAIF's investments are subject to credit risk with the full faith and credit of the State of California collateralizing these investments. In addition, these Structured Notes and Asset-backed Securities are subject to market risk as to change in interest rates.

The City places liquid assets in a pooled investment account with the goal of enhancing the diversity of its investment holdings. This portfolio complies with state code investment requirements and is subject to a more restrictive City adopted investment policy. Such funds are held independently in City established investment custodial accounts.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

For purposes of reporting cash flows, the City considers each fund's share in the cash and investments pool to be cash and cash equivalents including cash with fiscal agents.

G. Fair Value Hierarchy

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The fair value hierarchy categorizes the inputs to valuation techniques used to measure fair value into three levels based on the extent to which inputs used in measuring fair value are observable in the market.

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 inputs are inputs, other than quoted prices included within level 1, that are observable for an asset or liability, either directly or indirectly.

Level 3 inputs are unobservable inputs for an asset or liability.

If the fair value of an asset or liability is measured using inputs from more than one level of the fair value hierarchy, the measurement is considered to be based on the lowest priority level input that is significant to the entire measurement.

H. Inventories

Inventory, mainly consisting of vehicle fuel and paper supplies, is stated at cost on an average cost basis and is controlled by a perpetual inventory system which is adjusted to reflect periodic physical counts. Inventories are recorded as expenditures in the General Fund and charged to departments as consumed.

I. Restricted Cash

Fiscal agents acting on behalf of the City hold investment funds arising from the proceeds of long-term debt issuances. The funds may be used for specific capital outlays or for the payment of certain bonds, certificate of participation and have been invested only as permitted by specific State statutes or applicable City ordinance, resolution or bond indenture.

J. Compensated Absences

Government-wide Financial Statements: For governmental and business-type activities, compensated absences are recorded as expenses and liabilities as the time is earned by employees.

Fund Financial Statements: For Governmental Funds, compensated absences are recorded as expenditures in the years paid. The General Fund is typically used to pay out compensated absences that arise in the course of any one year. Unpaid and accumulated liabilities for some compensated absences accrue to future resources. In Proprietary Funds, compensated absences are expensed to the various funds in the period they are earned, and such fund's share of the unpaid liability is recorded as a long-term liability of the fund.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

K. Property Taxes

Santa Clara County (County) assesses all properties in the City, and it bills, collects and distributes property taxes to the City. Both secured and unsecured property taxes are levied on January 1. The County assesses properties and it bills, collects and distributes property taxes to the City. The County remits the entire amount levied and handles all delinquencies, retaining interest and penalties. Secured and unsecured property taxes are levied on July 1 for the fiscal year.

Secured property tax is due in two installments, on November 1 and February 1, and it becomes delinquent after December 10 and April 10, respectively. The City and the County adopted the "alternative method of property tax distribution" known as the Teeter Plan that authorizes the County to allocate 100% of the secured property tax based on levy instead of collection and to retain all delinquent penalties and interest. Unsecured property tax is due on July 1 and becomes delinquent after August 31. Distribution of the unsecured property taxes is based on collections. Collection of delinquent accounts is the responsibility of the County, which retains all penalties. The County also distributes both penalties and interest collected for delinquent unsecured property taxes.

L. Capital Assets

Capital assets are valued at historical cost or estimated historical cost if actual historical cost was not available. Donated capital assets are valued at their estimated acquisition value on the date contributed. City policy has set the capitalization threshold for reporting capital assets at \$5,000 for equipment, \$25,000 for building and facility improvements and \$100,000 for infrastructure.

Depreciation is recorded on a straight-line basis over estimated useful lives of the assets as follows:

Buildings50 yearsImprovements30-50 yearsMachinery and Equipment3-10 yearsInfrastructure30-100 years

In accordance with GASB Statement No. 34, the City has included all infrastructures in its Statement of Net Position.

The City defines infrastructure as basic physical assets that allow the City to function. The assets include the street system. Each major infrastructure system can be divided into subsystems. For example, the street system can be subdivided into pavement, streetlights and traffic control devices (signs, signals and pavement markings). These subsystems were not delineated in the Government-wide Financial Statements. The appropriate operating department maintains information regarding the subsystems.

For all infrastructure systems, the City has elected to use the Basic Approach, as defined by GASB Statement No. 34, for infrastructure reporting. The valuation of the City's infrastructure assets are determined based on the original cost using one of the following methods:

- 1. Use of historical records where available
- 2. Standard unit costs appropriate for the construction/acquisition date of the asset
- 3. Present replacement cost indexed by a reciprocal factor of the price increase from the construction/acquisition date to the current date

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Accumulated depreciation, defined as the total depreciation from the date of construction/acquisition to the current date, was computed on a straight-line method. The book value was then computed by deducting the accumulated depreciation from the original cost.

M. Long-Term Debt

Government-wide Financial Statements: Long-term debt and other financial obligations are reported as liabilities in the appropriate activities.

Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable premium or discount.

Fund Financial Statements: The Governmental Fund Financial Statements do not present long-term debt, which are shown in the Reconciliation of the Governmental Funds Balance Sheet to the Government-wide Statement of Net Position.

Governmental Funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuance are reported as other financing sources while discounts on debt issuance are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Proprietary Fund Financial Statements use the same principles as those used in the Government-wide Financial Statements.

N. Unearned Revenue

Government-wide Financial Statements: In the Government-wide Financial Statements, unearned revenue is recognized for transactions for which revenue has not yet been earned.

O. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position or balance sheet reports a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position or fund balance that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. In addition to liabilities, the statement of financial position or balance sheet reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position or fund balance that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

P. Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities. In addition, estimates affect the reported amount of expenses. Actual results could differ from these estimates and assumptions.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Q. Implementation of Governmental Accounting Standards Board (GASB) Pronouncements

Management adopted the provisions of the following Governmental Accounting Standards Board (GASB) Statements, which became effective during the year ended June 30, 2017.

GASB Statement No. 73 – In June 2015, GASB issued Statement No. 73, Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68. The provisions in statement 73 are effective for fiscal years beginning after June 15, 2015—except those provisions that address employers and governmental nonemployer contributing entities for pensions that are not within the scope of Statement 68, which are effective for fiscal years beginning after June 15, 2016. This statement had no impact on the City's financial statements.

GASB Statement No. 74 – In June 2015, GASB issued Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans. Statement No. 74 replaces Statements No. 43, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans, as amended, and No. 57, OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans. It also includes requirements for defined contribution OPEB plans that replace the requirements for those OPEB plans in Statement No. 25, Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans, as amended, statement 43, and statement No. 50, Pension Disclosures. The provisions in statement 74 are effective for fiscal years beginning after June 15, 2016. This statement had no impact on the City's financial statements.

GASB Statement No. 77 – In August 2015, GASB issued Statement No. 77, Tax Abatement Disclosures. The objective of this statement is to provide financial statement users with essential information about the nature and magnitude of the reduction in tax revenues through tax abatement programs. This statement is effective for reporting periods beginning after December 15, 2015 and had no impact on the City's financial statements.

GASB Statement No. 78 – In December 2015, the GASB issued Statement No. 78, Pensions Provided through Certain Multiple-Employer Defined Benefit Pension Plans. The objective of this Statement is to address a practice issue regarding the scope and applicability of GASB Statement No. 68, Accounting and Financial Reporting for Pensions—an amendment to GASB Statement No. 27. This issue is associated with pensions provided through certain multiple-employer defined benefit pension plans and to State or local governmental employers who employees are provided with such pensions. The requirements of this Statement are effective for reporting periods beginning after December 15, 2015. This Statement had no impact on the City's financial statements.

GASB Statement No. 80 – In January 2016, the GASB issued Statement No. 80, Blending Requirements for Certain Component Unit –an amendment to GASB Statement No. 14. The objective of this Statement is to improve financial reporting by clarifying the financial statement presentation requirements for certain component units. This Statement amends the blending requirements established in paragraph 53 of GASB Statement No. 14, The Financial Reporting Entity. The additional criterion requires blending of a component unit incorporated as a not-for-profit corporation in which the primary government is the sole corporate member. The additional criterion does not apply to component units included in the financial reporting entity pursuant to the provisions of GASB Statement No. 39, Determining Whether Certain Organizations Are Component Units – an amendment to GASB Statement No. 14. The requirements of this Statement are effective for reporting periods beginning after June 15, 2016 and had no impact on the City's financial statements.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

GASB Statement No. 82 - In March 2016, the GASB issued Statement No. 82, Pension Issues-an amendment of GASB Statements No. 67, No. 68, and No. 73. The objective of this Statement is to address certain issues that have been raised with respect to GASB Statement No. 67, Financial Reporting for Pension Plans-an amendment to GASB Statement No. 25, GASB Statement No. 68, Accounting and Financial Reporting for Pensions—an amendment to GASB Statement No. 27, and GASB Statement No. 73, Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68. Specifically, this Statement addresses issues regarding (1) the presentation of payroll-related measures in required supplementary information; (2) the selection of assumptions and the treatment of deviations from the guidance in an Actuarial Standard of Practice for financial reporting purposes; and (3) the classification of payments made by employers to satisfy employee (plan member) contribution requirements. The requirements of this Statement are effective for reporting periods beginning after June 15, 2016, except for the requirements of this Statement for the selection of assumptions in a circumstance in which an employer's pension liability is measured as of a date other than the employer's most recent fiscal year end. In that circumstance, the requirements for the selection of assumptions are effective for that employer in the first reporting period in which the measurement date of the pension liability is on or after June 15, 2017. This statement had no significant impact on the City's financial statements.

NOTE 2 – CASH, CASH EQUIVALENTS AND INVESTMENTS

A. Cash Deposits

The City's cash and investments at June 30, 2017 are presented as follows:

Cash and investments	\$74,429,885
Restricted cash and investments	171,396
Fiduciary funds:	
Cash and investments	3,926,198
Restricted cash and investments	39,794
Total cash and investments	<u>\$78,567,273</u>

Cash and investments consist of the following as of June 30, 2017:

Cash on hand		\$2,170
Deposits with financial institutions		6,635,734
Investments:		
Liquid investments	\$21,249,257	
Managed investments	50,680,112	71,929,369
Total cash and investments		\$78,567,273

NOTE 2 – CASH, CASH EQUIVALENTS AND INVESTMENTS (Continued)

B. Authorized Investments

Under the provisions of the City's investment policy and in accordance with Section 53601 of the California Government Code, the City is authorized to invest or deposit in the following, with the limitations as they relate to interest rate risk, credit risk, and concentration of credit risk:

		Maximum	Maximum
	Maximum	Percentage	Investment
Authorized Investment Type	Maturity	of Portfolio	In One Issuer
Local Agency Investment Fund	N/A	100%	\$65 million
Money Market Mutual Funds	N/A	20%	10%
Certificates of Deposit	3 years	50%	10%
Bankers' Acceptances	180 days	20%	10%
Commercial Paper	180 days	15%	5%
Repurchase Agreements	180 days	20%	10%
U.S. Treasury Bills, Notes and Bonds	5 years	100%	N/A
U.S. Government-Sponsored Enterprise Agencies	5 years	100%	20%
Medium-Term Corporate Notes	4 years	30%	3%
Asset-backed Securities	5 years	20%	3%

C. Interest Risk

Interest rate risk is the market rate changes that adversely affect the fair value of an investment. Generally, the sensitivity of an investment fair value to changes in market rates is greater when the maturity of the investment is longer.

Investments held in City Treasury grouped by maturity date at June 30, 2017, are shown below:

Investment Type	One Year or Less	13 months to 24 months	25 months to 36 months	37 months to 60 months	Total
Money Market	\$212,150				\$212,150
Government Sponsored Enterprise Agencies: Federal Home Loan Bank Bonds (FHLB)	1,991,640	\$4,196,507 2,341,158	\$1,804,598 2,257,062		7,992,745 4,598,220
Federal National Mortgage Association Notes (FNMA) Federal Home Loan Mortgage Corporation (FHLMC)		771,518	1,333,912		2,105,430
U.S. Treasury Notes Certificate of Deposit	874,562	10,332,678 5,460,948	8,123,554		18,456,232 6,335,510
Corporate Notes Asset-Backed Securities	2,380,140	1,765,397	3,514,603 419,949	\$3,111,886	7,660,140 3,531,835
Local Agency Investment Funds (LAIF)	21,037,107				21,037,107
Total investments	\$26,495,599	\$24,868,206	\$17,453,678	\$3,111,886	71,929,369
Demand Deposits and Cash on Hand					6,637,904
Total cash and investments					\$78,567,273

NOTE 2 - CASH, CASH EQUIVALENTS AND INVESTMENTS (Continued)

D. Fair Value Hierarchy

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure fair value of the assets. Level 1 inputs are quoted prices in an active market for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

The following is a summary of the fair value hierarchy of the fair value of investments of the City as of June 30, 2017:

Investments by Fair Value Level:	Level 1	Level 2	Total
Government Sponsored Enterprise Agencies: Federal Home Loan Bank Bonds (FHLB) Federal National Mortgage Association Notes (FNMA) Federal Home Loan Mortgage Corporation (FHLMC) U.S. Treasury Notes Corporate Notes Asset-backed Securities	\$18,456,232	\$7,992,745 4,598,220 2,105,430 7,660,138 3,531,837	\$7,992,745 4,598,220 2,105,430 18,456,232 7,660,138 3,531,837
Total Investments	\$18,456,232	\$25,888,370	44,344,602
Investments Measured at Amortized Cost: Certificates of Deposit Money Market Mutual Fund California Local Agency Investment Fund (LAIF) Cash in banks and on hand			\$6,335,510 212,150 21,037,107 6,637,904
Total Cash and investments			\$78,567,273

US Treasury Notes classified in Level 1 of the fair value hierarchy are valued using a quoted price in an active market for an identical asset. Corporate Notes and Government Sponsored Enterprise Agencies are classified in Level 2 of the fair value hierarchy are valued using a quoted price in a non-active market for an identical asset. Fair value is defined as the quoted market value on the last trading day of the period. These prices are obtained from various pricing sources by the custodian bank. Certificates of Deposit, Money Market Mutual Fund and LAIF are valued at amortized cost and therefore, exempt from being classified under GASB 72.

NOTE 2 – CASH, CASH EQUIVALENTS AND INVESTMENTS (Continued)

E. Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is usually measured by the assignment of a rating by a nationally recognized statistical rating organization.

At June 30, 2017, the City's deposit and investments were rated as follows:

	Credit Quality Ratings		
Investment Type	Moody's	S&P	Market Value
Securities of Government Sponsored Enterprise Agencies:			
Federal Home Loan Bank Bonds (FHLB)	Aaa	AA+	\$7,992,745
Federal Home Loan Mortgage Corporate Notes (FHLMC)	Aaa	AA+	2,105,430
Federal National Mortgage Association Notes (FNMA)	Aaa	AA+	4,598,220
U.S. Treasury Notes	Aaa	AA+	18,456,232
Corporate Notes:			
Wells Fargo	A2	Α	624,799
JP Morgan Chase	A3	A-	626,594
General Electric Corp.	A1	AA-	651,008

NOTE 2 – CASH, CASH EQUIVALENTS AND INVESTMENTS (Continued)

F. Concentration of Credit Risk

The City's investment policy contains limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code. Investments in any one issuer, other than U. S. Treasury securities, mutual funds, and external investment pools that represent 5% or more of total entity-wide investments are as follows at June 30, 2017:

	Investment	
Issuer	Туре	Amount
Federal Home Loan Bank Bonds (FHLB)	Government Sponsored Enterprise Agencies	\$7,992,745
Federal National Mortgage Association Notes (FNMA)	Government Sponsored Enterprise Agencies	4,598,220

G. Custodial Credit Risk - Deposits

This is the risk that in the event of a bank failure, the City's deposits may not be returned to it. The City does not have a policy for custodial credit risk for deposits. However, the California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure public deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits and letters of credit issued by the Federal Home Loan Bank of San Francisco having a value of 105% of the secured deposits.

As of June 30, 2017, the City's bank balance was \$7,772,756 and the corresponding carrying book balance was \$6,532,880. Of the bank balance, \$250,000 was covered by federal depository insurance and \$7,522,756 was collateralized.

Investments: The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g. broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code and the City's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for investments.

H. Investment in State Investment Pool

The City is a voluntary participant in LAIF that is regulated by the California Government Code under the oversight of the Treasurer of the State of California. The fair value of the City's investment in this pool as reported in the accompanying financial statements is based upon the Entity's pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio).

As of June 30, 2017, the City held \$21,037,107 in LAIF. The LAIF fair value factor of 0.998940671 was used to calculate the fair value of the investments in LAIF and average maturity of 167 days.

NOTE 3 – INTERFUND TRANSACTIONS

A. Transfers

Transfers between funds during the fiscal year ended June 30, 2017 were as follows:

Fund Making Transfer	Fund Receiving Transfers	Amount	
General Fund	Capital Projects Fund	\$134,031	(A)
	Non-Major Governmental Funds	164,893	(B)(D)
In-Lieu Park Land Special Revenue Fund	Capital Projects Fund	899	(A)
Non-Major Governmental Funds	General Fund	157,248	(C)
	Capital Projects Fund	302,999	(A)
		\$760,070	

Interfund transfers were principally used for the following purposes,

- (A) To fund capital projects
- (B) Maintain minimum fund balance in Debt Service
- (C) Public safety related funds paid to the General Fund
- (D) Traffic fines paid to the General Fund

NOTE 4 – NOTE RECEIVABLE

The City entered into a loan agreement with the City Manager on November 1, 2016, to provide the City Manager a long-term loan of up to \$2,000,000 to finance the acquisition of his personal residence located within the City. The loan is secured by a deed of trust on the property. The loan is due upon sale of the property, within six to twelve months after the termination of the City Manager's employment with the City depending on the cause of termination, or 30 years from the date of the loan agreement execution, whichever occurs first. The loan bears an interest rate at the 5 Year Treasury Rate as of September 1, 2016 amortized over a thirty-year period and recalculated to the 5 year Treasury Rate every five years of the original date of the loan. At June 30, 2017, the outstanding balance of this loan was \$1,959,319.

NOTE 5 – CAPITAL ASSETS

A. Government-wide Financial Statements

At June 30, 2017, the City's capital assets consisted of the following:

	Governmental Activities	Business-Type Activities	Total
Nondepreciable assets:			
Construction in progress	\$7,788,517		\$7,788,517
Land	11,642,285		11,642,285
Total nondepreciable assets	19,430,802		19,430,802
Depreciable assets:			
Buildings	21,637,868	\$17,726,839	39,364,707
Improvements	5,330,448		5,330,448
Machinery and equipment	5,744,498	1,069,493	6,813,991
Infrastructure	31,402,350	1,969,221	33,371,571
Total depreciable assets	64,115,164	20,765,553	84,880,717
Less accumulated depreciation	(27,466,133)	(12,362,088)	(39,828,221)
Total depreciable assets, net	36,649,031	8,403,465	45,052,496
Total capital assets	\$56,079,833	\$8,403,465	\$64,483,298

The following is a summary of capital assets for governmental activities for the year ended June 30, 2017:

	Balance June 30, 2016	Additions	Retirements	Transfers	Balance June 30, 2017
Governmental Activities:				-	
Capital assets, not depreciated:					
Land	\$11,642,285				\$11,642,285
Construction in progress	7,088,344	\$2,781,093		(\$2,080,920)	7,788,517
Total capital assets, not depreciated	18,730,629	2,781,093		(2,080,920)	19,430,802
Buildings	21,637,868				21,637,868
Improvements	5,209,310			121,138	5,330,448
Machinery and equipment	4,986,017	307,574	(\$198,768)	649,675	5,744,498
Infrastructure	30,092,243			1,310,107	31,402,350
Total cost of depreciable assets	61,925,438	307,574	(198,768)	2,080,920	64,115,164
Less accumulated depreciation:					
Buildings	(9,410,595)	(419,346)			(9,829,941)
Improvements	(1,904,635)	(142,795)			(2,047,430)
Machinery and equipment	(4,185,333)	(344,376)	198,768		(4,330,941)
Infrastructure	(10,286,666)	(971,155)			(11,257,821)
Total accumulated depreciation	(25,787,229)	(1,877,672)	198,768		(27,466,133)
Net depreciable assets	36,138,209	(1,570,098)		2,080,920	36,649,031
Governmental Activity Capital Assets, Net	\$54,868,838	\$1,210,995			\$56,079,833

NOTE 5 – CAPITAL ASSETS (Continued)

The governmental activities depreciation expenses for capital assets for the year ended June 30, 2017 are as follows:

Functions/Programs	Total
Public safety	\$155,447
Public works	1,041,576
Recreation	490,187
Community development	1,392
Admin / community services	189,070
Total depreciation expense	\$1,877,672

The following is a summary of capital assets for business-type activities:

	Balance				Balance
	June 30, 2016	Additions	Retirements	Transfers	June 30, 2017
Business-Type Activities:					
Capital assets, not depreciated:					
Construction in progress	\$273,663			(\$273,663)	
Total capital assets, not depreciated:	273,663			(273,663)	
Capital assets, being depreciated:					
Buildings	17,453,176			273,663	\$17,726,839
Machinery and equipment	1,171,948	\$9,611	(\$112,066)		1,069,493
Infrastructure	1,969,221				1,969,221
Total cost of depreciable assets	20,594,345	9,611	(112,066)	273,663	20,765,553
Less accumulated depreciation:					
Buildings	(9,476,172)	(263,155)	112,066		(9,627,261)
Machinery and equipment	(696,677)	(68,929)			(765,606)
Infrastructure	(1,969,221)				(1,969,221)
Total accumulated depreciation	(12,142,070)	(332,084)	112,066		(12,362,088)
Net depreciable assets	8,452,275	(322,473)		273,663	8,403,465
Business-type Activity Capital Assets, Net	\$8,725,938	(\$322,473)			\$8,403,465

Depreciation expense for business-type activities related to the Sewer Fund amounted to \$332,084 for the year ended June 30, 2017.

B. Fund Financial Statements

The Governmental Fund Financial Statements do not present capital assets, which are shown in the Reconciliation of the Governmental Funds Balance Sheet to the Government-wide Statement of Net Position.

The capital assets of the Enterprise Funds in the Proprietary Fund Financial Statements are the same as those shown in the business-type activities of the Government-wide Financial Statements.

NOTE 6 – LONG-TERM OBLIGATIONS

A. Governmental Activities Long-Term Debt

Summary of changes in governmental activities long-term debt for the year ended June 30, 2017 is as follows:

	Balance at		Balance at	Due Within	Due in More
	June 30, 2016	Retirements	June 30, 2017	One Year	Than One Year
Certificate of					
participation	\$1,460,000	(\$105,000)	\$1,355,000	\$110,000	\$1,245,000

2004 Refunding Certificate of Participation: On November 1, 1996, the City issued \$2,630,000 principal amount of Certificates of Participation (ABAG 38 COPs). The purpose of the ABAG 38 COPs was to finance the partial purchase of the 5.5 acre Saint William School site for public purposes and uses. During 2004 the City issued \$2,500,000 of 2004 Refunding Certificates of Participation to advance refund \$2,390,000 of outstanding principal on the ABAG 38 Certificates of Participation, set up reserve funds, and to pay related issuance costs. The entire ABAG 38 Certificates of Participation had been paid off by June 30, 2004. This advance refunding was undertaken to reduce total future debt service payments.

At June 30, 2017, future debt service requirements for the 2004 Refunding were as follows:

Year ending June 30	Principal	Interest	Total
2018	\$110,000	\$56,060	\$166,060
2019	120,000	51,880	171,880
2020	120,000	47,200	167,200
2021	125,000	42,400	167,400
2022	130,000	37,400	167,400
2023 - 2027	750,000	98,387	848,387
Total	\$1,355,000	\$333,327	\$1,688,327

B. Non-City Obligations

The following bonds are not reported in the City's financial statements as they are special obligations payable solely from and secured by specific revenue sources as described in the resolutions and official statements of the respective issues. Neither the faith and credit nor the taxing power of the City is pledged for payment of these obligations.

	Balance		Balance	Due Within	Due in More
	June 30, 2016	Retirements	June 30, 2017	One Year	Than One Year
Raymundo Curb and Gutter	\$113,000	(\$21,000)	\$92,000	\$21,000	\$71,000
Blue Oak Lane	560,000	(15,000)	545,000	15,000	530,000
Total	\$673,000	(\$36,000)	\$637,000	\$36,000	\$601,000

NOTE 6 – LONG-TERM OBLIGATIONS (Continued)

Raymundo Special Assessment Districts: The Raymundo Curb and Gutter Assessment District Improvement Bonds were issued on August 3, 2005 to provide financing for the street improvements in that District. The bonds are payable from a special property tax levied to those residents living within the respective District.

Blue Oak Lane Special Assessment District: On November 5, 2009, Limited Obligation Improvement Bonds were issued for a newly formed Blue Oak Lane Sewer Assessment District (series 2009) to finance the acquisition and construction, by the City, of sanitary sewer improvements serving properties within the subject assessment District. These bonds are issued upon and secured by individual parcel levied assessments to be included in the annual property tax billings annually. The Bonds mature in 2039, were issued in a principal amount of \$662,880 and are subject to semi-annual debt service payments administered by the City.

NOTE 7 – COMPENSATED ABSENCES PAYABLE

The City's compensated absences at June 30, 2017, were as follows:

	Governmental Activities	Business-type Activities	Total
Balance at July 1, 2016	\$1,519,455	\$49,171	\$1,568,626
Additions	951,183	76,164	1,027,347
Payments	(966,853)	(61,043)	(1,027,896)
Balance at June 30, 2017	\$1,503,785	\$64,292	\$1,568,077
Current Portion	\$375,946	\$16,073	\$392,019
Long-Term Portion	\$1,127,839	\$48,219	\$1,176,058

NOTE 8 – NET POSITION AND FUND BALANCES

A. Fund Balances

In the fund financial statements, governmental funds report the following classifications: non-spendable, restricted, committed, assigned, and unassigned. The City Council, as the highest level of decision making authority for the City, can commit fund balances through the adoption of a formal action in accordance with the adoption of its annual Financial Policy. This formal action includes committing funds through budget adoption or by resolution. This policy authorizes the City Manager to assign fund balances and has set the budgetary level of control at the Fund and Capital Project level for the governing body and the department level for the City Manager and assignees.

NOTE 8 - NET POSITION AND FUND BALANCES (Continued)

B. General Fund Reserve

The City Council has established a General Fund Reserve goal level of 20% of annual operating expenditures has set funds aside accordingly through its annual budgetary actions. These funds would be available for use in such conditions to mitigate negative economic fiscal impacts or State takeaways and can be activated within any one budget cycle through Council action. An economic downturn would entail a projected and/or sudden drop in core revenues (major tax and service revenue loss) of equal to or greater than 5% (including the impact of inflation) and/or a change in economic parameters (such as interest rates, debt service rates, commodity prices, pension rates) that cause a material change in expenditures of 5% or more, or the occurrence of a local natural disaster or unexpected financial claim requiring the immediate use of cash balances of 5% or more, or the occurrence of a local natural disaster or unexpected financial claim requiring the immediate use of cash balances. In fiscal year 2016/17, in line with budget approval, the City reallocated the pre-established State Budget Stabilization reserve into the aforementioned General Fund reserve. This results in the establishment of one Reserve balance to assist in periods of economic downturn or extraordinary need. The City achieved its reserve goal of 20% during fiscal year 2016/17.

C. Classifications

In the Government-wide Financial Statements, net position is classified in the following categories:

Net Investment in Capital Assets – This amount consists of capital assets net of accumulated depreciation and reduced by outstanding debt that attributed to the acquisition, construction, or improvement of the assets.

Restricted Net Position – This amount is restricted by external creditors, grantors, contributors, or laws or regulations of other governments.

Unrestricted Net Position - This amount is all net position that do not meet the definition of "net investment in capital assets" or "restricted net position."

As prescribed by GASB Statement No. 54, governmental funds report fund balance in classifications based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in the funds can be spent. As of June 30, 2017, fund balances for government funds are made up of the following:

- Non-spendable Fund Balance includes amounts that are (a) not in spendable form, or (b) legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, for example: inventories, prepaid amounts, long-term notes receivable and land.
- Restricted Fund Balance includes amounts that can be spent only for the specific purposes stipulated by external resource providers, constitutionally or through enabling legislation. Restrictions may effectively be changed or lifted only with the consent of resource providers.
- Committed Fund Balance Committed fund balances include amounts that can be used only for the specific purposes determined by a formal action of the City Council's highest level of decision-making authority. The City Council can, by adoption of a resolution prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the resolution remains in place until a similar action is taken (the adoption of another resolution) to remove or revise the limitation.

CITY OF LOS ALTOS NOTES TO BASIC FINANCIAL STATEMENTS

For the Year Ended June 30, 2017

NOTE 8 – NET POSITION AND FUND BALANCES (Continued)

- Assigned Fund Balance comprised of amounts intended to be used by the City for specific purposes
 that are neither restricted nor committed. Intent is expressed by (a) the City Council or (b) a body (for
 example: a budget or finance committee) or official to which the City Council has delegated the
 authority to assign amounts to be used for specific purposes.
- Unassigned Fund Balance conveys the residual classification for the General Fund and includes all amounts not contained in the other classifications. Unassigned amounts are technically available for any purpose.

D. Policies

Order of Use

The standard also requires governments to disclose the accounting policies that indicate the order in which restricted, committed, assigned and unassigned amounts are spent. The City considers restricted amounts to have been spent first when expenditures are incurred and both restricted and unrestricted fund balances are available. Additionally, the City considers committed amounts to have been spent first, assigned amounts to have been spent second, and unassigned amounts to have been spent last when an expenditure is incurred for purposes of which committed, assigned, and unassigned fund balance is available. In circumstances when an expenditure is made for a purpose for which amounts are available in multiple fund balance classifications, fund balance is generally depleted in the order of restricted, committed, assigned, and unassigned.

Assignment and Commitment Authority

The City Council has approved by resolution a financial policy authorizing the City Manager to assign fund balances to facilitate year-end reporting requirements. The City Council, as the highest level of decision making authority for the City, has the ability to commit fund balances through the adoption by resolution. The same action must be taken to modify or rescind the commitment.

NOTE 8 – NET POSITION AND FUND BALANCES (Continued)

E. Fund Balances

Fund balances for all the major and non-major governmental funds as of June 30, 2017 were distributed as follows:

Fund Balance Classifications	General	In Lieu Park Land	Capital Projects	Other Governmental Funds	Total
Nonspendables:					
Inventory and prepaids	\$25,705				\$25,705
Veteran Memorial	12,000				12,000
Total Nonspendable Fund Balances	37,705		L		37,705
Restricted for:					
Debt service				\$364,179	\$364,179
Special revenue programs and projects		\$4,387,709		4,893,040	9,280,749
Total Restricted Fund Balances	Printer of the control of the contro	4,387,709		5,257,219	9,644,928
Assigned to:					
Emergency and operating	6,905,000				6,905,000
OPEB	1,500,000				1,500,000
PERS reserve	3,000,000				3,000,000
Technology reserve	2,403,554				2,403,554
Capital and equipment (Note 8H)	23,821,192			\$1,993,048	25,814,240
Total Assigned Fund Balances	37,629,746			1,993,048	39,622,794
Unassigned	\$6,148,357		(\$139,776)		6,008,581
Total Unassigned Fund Balances	6,148,357	,	(139,776)		6,008,581
Total Fund Balances	\$43,815,808	\$4,387,709	(\$139,776)	\$7,250,267	\$55,314,008

F. Net Deficit

The funds listed in the table below had fund balance deficits at June 30, 2017. These deficits are expected to be eliminated by future revenues.

	Fund
Fund	Deficit
Cummunity Develompment Block Grant Special Revenue Fund	\$4,617
Capital Projects Fund	139,776
Storm Drain Enterprise Fund	18,496

G. OPEB Reserves

A review of the City's fund balance assignments will reveal that as of June 30, 2017, \$1.5 million in General Fund reserves have been assigned in recognition of existing Post-Retirement Health Actuarial Obligations noted above.

NOTE 8 - NET POSITION AND FUND BALANCES (Continued)

H. Capital Projects Reserves

As of June 30, 2017 the City had set-aside \$23,821,192 for the construction of a new community center that is financed by resources other than proprietary funds. This amount includes \$10,470,200 from the City's Real Property Proceeds Fund and \$13,350,992 in the City's Community Facilities Renewal Fund, which are presented with the General Fund in the financial statements. While these funds are not restricted by outside funding sources, the fund balance is assigned for the new community center.

	Real Property Proceeds Fund	Community Facilities Renewal Fund
Beginning Fund Balance as of July 1, 2016	\$10,439,639	\$8,415,593
Revenues		
Interest Income	30,561	
Total Revenues	30,561	
Other Financing Sources (Uses)		
Transfers in		4,935,399
Total Other Financing Sources (Uses)		4,935,399
Ending Fund Balance as of June 30, 2017	\$10,470,200	\$13,350,992

I. Encumbrances

The City utilized an encumbrance system during fiscal year 2017 to assist in controlling expenditures. Under this system, governmental funds are encumbered when purchase orders, contracts, or other commitments are signed or approved. The General fund had an encumbrance balance at June 30, 2017, of \$935,525 that will be carried over to fiscal year 2018.

NOTE 9 – RISK MANAGEMENT

A. Bay Cities Joint Powers Insurance Authority

The City is exposed to various risks of loss related to torts; theft of damage to and destruction of assets; errors and omissions; and floods for which the City is insured through Bay Cities Joint Powers Insurance Authority (Bay Cities).

The City has joined Bay Cities for general liability, property, errors and omissions, crimes and automobile physical damage coverage in the current year. Bay Cities is a public agency created in 1986 by and among various municipalities in Northern California to provide a pooled approach to liability insurance pursuant to the California Government Code. It is governed by a Board of Directors comprised of appointed officials from the member entities. The purpose of the pool is to provide various levels of liability coverage, claims administration, and loss control support to member agencies. Annually, each member pays an actuarially determined premium based on a formula which takes into account the prior three years' loss experience, annual payroll, and population.

Bay Cities provides coverage for its Members in excess of the member's retained limit, or self-insured retention (SIR), up to \$1,000,000 per occurrence. Each Member retains the portion of every loss that falls within their SIR, ranging from \$2,500 to \$1,000,000. Bay Cities is also a member of the California Affiliated Risk Management Authorities (CARMA), a risk sharing joint powers authority. When losses exceed the \$1,000,000 per occurrence limit, CARMA provides coverage up to \$28,000,000.

The City self-insures the first \$100,000 of each liability loss. Once the City's deductible is met, Bay Cities becomes responsible for payment of all claims up to the upper limit. During the year ended June 30, 2017, the City contributed \$40,377 for current year coverage.

The City continues to carry excess insurance policy for Workers' Compensation claims through the CSAC Excess Insurance Authority JPA up to the statutory limits and does so using the services of a contracted third-party administrator. The City has a \$250,000 deductible as of June 30, 2017. During the year, the City contributed \$269,418 for current year coverage.

As of June 30, 2017, \$18,442 of revolving funds was held in trust on behalf of the City by the workers' compensation third-party claims administrator. \$55,000 is also being held by Bay Cities in the procurement of liability and claims coverage. The City will receive these funds upon termination of services subject to final withdrawal adjustments.

The Bay Cities financial statements may be obtained from Bay Cities Joint Powers Insurance Authority, Bickmore, 1750 Creekside Oaks Drive Suite 200, Sacramento, CA 95833. CSAC Excess Insurance Authority financial statements may be obtained from CSAC Excess Insurance Authority, 75 Iron Point Circle Suite 200, Folsom, CA 95630.

NOTE 9 – RISK MANAGEMENT (Continued)

B. Liability for Uninsured Claims

The GASB requires municipalities to record their liability for uninsured claims and to reflect the current portion of this liability as an expenditure in their financial statements. As discussed in the section above, the City has coverage for such claims, but it has retained the risk for the deductible or uninsured portion, of these claims. The current accounting standards require that this amount be separately identified and recorded as a liability. Changes in the balances of claims liabilities during the past three years were as follows:

	June 30,		
	2017	2016	2015
Unpaid claims, beginning of year	\$3,937,000	\$4,146,000	\$3,248,182
Incurred claims and changes in estimates	463,328	106,548	1,407,886
Claim payments	(966,853)	(315,548)	(510,068)
Unpaid claims, end of year	\$3,433,475	\$3,937,000	\$4,146,000
Current Portion	\$643,503	\$650,101	\$622,968
Long-Term Portion	\$2,789,972	\$3,286,899	\$3,523,032

In conformance with current accounting standards the City obtained an independent actuarial valuation of all outstanding Workers Compensation and Liability claims. The for Workers Compensation the report presented a valuation as of June 30, 2015 and projected values through fiscal years 2015, 2016 and 2017. The fiscal year 2016-2017 values presented above reflect the estimated present value of open claims as developed in this actuarial report. The General Liability report presented a valuation as of June 30, 2017 and projected values through fiscal year 2018. The estimated amount of claims and judgments due within one year is \$643,503.

NOTE 10 – SELF-FUNDED REIMBURSEMENT DENTAL PLAN

The City provides a self-funded reimbursement based dental plan. The City's contribution for this plan is accounted for in the Dental Reimbursement Fund. The City contributed \$75 per month for each fulltime budgeted position. The funds accumulated are used to reimburse full-time salaried employees and their dependents, as well as council members for covered dental claims. There are no administrative charges for this plan. The Dental Reimbursement Fund maintains a positive fund balance of \$106,455 with contributions and reimbursements for the past five fiscal years as follows:

	Contribution	Reimbursement
Fiscal year ended June 30,	Amount	Amount
2013	\$114,264	\$104,711
2014	110,284	119,137
2015	123,225	128,498
2016	122,400	155,793
2017	121,350	125,208
Total	\$591,523	\$633,347

The dental plan year commences January 1st of each calendar year. An annual maximum dental reimbursement of \$1,705 is provided for each employee and \$1,136 for each of their dependents. Any remaining balance in the fund for each dental year is carried forward to the following year. In subsequent dental years, the maximum dental coverage for both employees and dependents is increased annually based on the Consumer Price Index but not to exceed 3%.

NOTE 11 – PENSION PLAN

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the City's California Public Employees' Retirement System (CalPERS) plan (Plan) and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

A. General Information about the Pension Plan

Plan Descriptions – All qualified permanent and probationary employees are eligible to participate in the City's Miscellaneous and Safety Tier I, Tier II and PEPRA Employee Pension Rate Plan. The City's Miscellaneous Rate Plan is part of the public agency cost-sharing multiple-employer defined benefit pension plan (PERF C), which is administered by the California Public Employees' Retirement System (CalPERS). PERF C consists of a miscellaneous pool and a safety pool (also referred to as "risk pools"), which are comprised of individual employer miscellaneous and safety rate plans, respectively. Individual employers may sponsor more than one miscellaneous and safety rate plan. The employer participates in one cost-sharing multiple-employer defined benefit pension plan regardless of the number of rate plans the employer sponsors. The City sponsors three miscellaneous and three safety rate plans. Benefit provisions under the Plan are established by State statute and City resolution. CalPERS issues publicly available reports that include a full description of the pension plan regarding benefit provisions, assumptions and membership information that can be found on the CalPERS website.

NOTE 11 – PENSION PLAN (Continued)

Benefits Provided – CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full time employment. Members with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after 10 years of service. The death benefit is one of the following: the Basic Death Benefit, the 1957 Survivor Benefit, or the Optional Settlement 2W Death Benefit. The cost of living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

The Plan's provisions and benefits in effect at June 30, 2017, are summarized as follows:

	Miscellaneous - Tier 1
Hire date	Prior to January 1, 2012
Benefit formula	2.7% @ 55
Benefit vesting schedule	5 years service
Benefit payments	monthly for life
Retirement age	50
Monthly benefits, as a % of eligible compensation	2.00% - 2.7%
Required employee contribution rates	7.949%
Required employer contribution rates	11.634%
	Miscellaneous - Tier 2
	January 1, 2012 -
Hire date	December 31, 2012
Benefit formula	2% @ 60
Benefit vesting schedule	5 years service
Benefit payments	monthly for life
Retirement age	50
Monthly benefits, as a % of eligible compensation	1.092% - 2.418%
Required employee contribution rates	6.886%
Required employer contribution rates	7.159%
	Miscellaneous - Tier 3
Hire date	On or after January 1, 2013
Benefit formula	2% @ 62
Benefit vesting schedule	5 years service
Benefit payments	monthly for life
Retirement age	52
Monthly benefits, as a % of eligible compensation	1.00% - 2.50%
Required employee contribution rates	6.250%
Required employer contribution rates	6.555%

CITY OF LOS ALTOS NOTES TO BASIC FINANCIAL STATEMENTS

For the Year Ended June 30, 2017

NOTE 11 – PENSION PLAN (Continued)

Monthly benefits, as a % of eligible compensation	2.400% - 3.000%
Required employee contribution rates	8.981%
	16 67604

Beginning in fiscal year 2016, CalPERS collects employer contributions for the Plan as a percentage of payroll for the normal cost portion as noted in the rates above and as dollar amount for contributions toward the unfunded liability and side fund. The dollar amounts are billed on a monthly basis. The City's required contribution for the unfunded liability and side fund was \$1,470,400 in fiscal year 2017.

16.656%

Contributions – Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. Funding contributions for the Plan are determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The City is required to contribute the difference between the actuarially determined rate and the contribution rate of employees.

NOTE 11 – PENSION PLAN (Continued)

For the year ended June 30, 2017, the contributions recognized as part of pension expense for the Plan were as follows:

	Miscellaneous	Safety
Contributions - employer	\$3,097,860	\$2,293,574

B. Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions

As of June 30, 2017, the City reported a net pension liability for its proportionate share of the net pension liability of the Plan as follows:

	Proportionate Share
	of Net Pension Liability
Miscellaneous	\$17,564,072
Safety	13,864,825
Total Net Pension Liability	\$31,428,897

The City's net pension liability for the Plan is measured as the proportionate share of the net pension liability. The net pension liability of the Plan is measured as of June 30, 2016, and the total pension liability for the Plan used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2015 rolled forward to June 30, 2016 using standard update procedures. The City's proportion of the net pension liability was based on a projection of the City's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. The City's proportionate share of the net pension liability for the Plan as of June 30, 2015 and 2016 was as follows:

	Miscellaneous	Safety
Proportion - June 30, 2015	0.64%	0.34%
Proportion - June 30, 2016	0.20%	0.16%
Change - Increase (Decrease)	-0.44%	-0.18%

NOTE 11 - PENSION PLAN (Continued)

For the year ended June 30, 2017, the City recognized pension expense of \$3,812,588. At June 30, 2017, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows	Deferred Inflows
	of Resources	of Resources
Pension contributions subsequent to measurement date	\$5,391,434	
Differences between actual and expected experience	51,977	(\$101,154)
Changes in assumptions		(880,869)
Change in employer's proportion and differences between the employer's contributions and the employer's		
proportionate share of contributions		(1,013,642)
Net differences between projected and actual earnings		
on plan investments	4,471,124	
Adjustments due to differences in proportion	1,231,822	
Total	\$11,146,357	(\$1,995,665)

\$5,391,434 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

Year Ended	Annual
June 30	Amortization
2018	\$165,615
2019	378,044
2020	2,055,005
2021	1.160.594

NOTE 11 - PENSION PLAN (Continued)

Actuarial Assumptions – For the measurement period ended June 30, 2016, the total pension liability was determined by rolling forward the June 30, 2015 total pension liability. The June 30, 2016 total pension liability is based on the following actuarial methods and assumptions:

	Miscellaneous & Safety
Valuation Date	June 30, 2015
Measurement Date	June 30, 2016
Actuarial Cost Method	Entry-Age Normal Cost Method
Actuarial Assumptions:	
Discount Rate	7.65%
Inflation	2.75%
Payroll Growth	3.00%
Projected Salary Increase	Varies by Entry Age and Service
Investment Rate of Return	7.5% (1)
Mortality	Derived using CalPERS' Membership Data for all
	funds (2)

- (1) Net of pension plan investment expenses, including inflation.
- (2) The mortality table used was developed based on CalPERS' specific data. The table includes 20 years of mortality improvements using Society of Actuaries Scale BB. For more details on this table, please refer to the CalPERS 2014 experience study report available on CalPERS website.

All other actuarial assumptions used in the June 30, 2015 valuation were based on the results of a January 2014 actuarial experience study for the period 1997 to 2011. Further details of the Experience Study can found on the CalPERS website under Forms and Publications.

Change of Assumptions – GASB 68, paragraph 68 states that the long long-term expected rate of return should be determined net of pension plan investment expense, but without reduction for pension plan administrative expense. The discount rate of 7.65% used for the June 30, 2016 measurement date was net of administrative expenses. The discount rate of 7.65% used for the June 30, 2016 measurement date is without reduction of pension plan administrative expense. All other assumptions for the June 30, 2016 measurement date were the same as those used for the June 30, 2015 measurement date.

Discount Rate – The discount rate used to measure the total pension liability was 7.65% for the Plan. To determine whether the municipal bond rate should be used in the calculation of a discount rate for each plan, CalPERS stress tested plans that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. Based on the testing, none of the tested plans run out of assets. Therefore, the current 7.65% discount rate is adequate and the use of the municipal bond rate calculation is not necessary. The long term expected discount rate of 7.65% will be applied to all plans in the Public Employees Retirement Fund (PERF). The stress test results are presented in a detailed report that can be obtained from the CalPERS website.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

NOTE 11 - PENSION PLAN (Continued)

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all the funds' asset classes, expected compound returns were calculated over the short-term (first 10 years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

The table below reflects the long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These rates of return are net of administrative expenses.

Asset Class	New Strategic Allocation	Real Return Years 1 - 10 (a)	Real Return Years 11+ (b)
Global Equity	51.0%	5.25%	5.71%
Global Fixed Income	20.0%	0.99%	2.43%
Inflation Sensitive	6.0%	0.45%	3.36%
Private Equity	10.0%	6.83%	6.95%
Real Estate	10.0%	4.50%	5.13%
Infrastructure and Forestland	2.0%	4.50%	5.09%
Liquidity	1.0%	-0.55%	-1.05%
Total	100%		

- (a) An expected inflation of 2.5% used for this period.
- (b) An expected inflation of 3.0% used for this period.

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate — The following presents the City's proportionate share of the net pension liability for the Plan, calculated using the discount rate for the Plan, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

	Miscellaneous	Safety
1% Decrease	6.65%	6.65%
Net Pension Liability	\$26,722,956	\$21,092,774
Current Discount Rate	7.65%	7.65%
Net Pension Liability	\$17,564,072	\$13,864,825
1% Increase	8.65%	8.65%
Net Pension Liability	\$10,023,720	\$7,391,420

Pension Plan Fiduciary Net Position – Detailed information about each pension plan's fiduciary net position is available in the separately issued CalPERS financial reports.

NOTE 12 – OTHER POST EMPLOYMENT BENEFITS (OPEB)

A. Plan Description

The City Retiree Healthcare Plan (Plan) is a single-employer defined benefit healthcare plan administered by the City. The plan provides healthcare benefits to eligible retirees and their dependents. Benefit provisions are established and may be amended through agreements and memorandums of understanding between the City, its management employees, and unions representing City employees.

The City allows eligible retirees to continue in the City medical plans, currently Kaiser and Health Net. The City contributes up to a percentage of the single or dual Kaiser Retiree premium based on years of City service. No dental, vision, or life insurance benefits are provided.

On January 14, 2016, the City established an agreement with the California Public Employees' Retirement System (CalPERS) to set aside funds and deposit into the California Employer's Retiree Benefit Trust (CERBT) fund to accumulate, and distribute assets for the exclusive benefit of retirees and their beneficiaries. Plan assets are irrevocable and may not be used for any purpose other than funding post-retirement health care. The CERBT fund is an agent multiple employer plan and in order to ensure that the CERBT fund remains compliant with all reporting requirements, the CalPERS is responsible for publishing aggregate GASB 43 compliance Financial Statements, Notes, and Required Supplementary Information (RSI). The information may be found on CalPERS website at www.calpers.ca.gov.

B. City's Funding Policy

The City continues to pay for retiree healthcare benefits on a pay-as-you go basis. This reporting year the City contributed \$129,623 for current benefit payments. Retired plan members and their beneficiaries pay the annual premium cost not paid by the employer.

For fiscal year 2016-2017, the City paid \$134,055 for retiree healthcare plan benefits, including \$57,055 in premium payments for retirees, \$77,000 for implied subsidies.

The Annual Required Contribution (ARC) is an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC is equal to the normal cost plus a 30-year amortization of the unfunded actuarial liability.

C. Annual OPEB Cost and Net OPEB Obligation

The City's annual other post-employment benefit cost (expense) is calculated based on the annual required contribution (ARC) of the employer. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover the normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed 30 years.

To comply with newly revised Actuarial Standard of Practice No. 6 (ASOP 6), the January 1, 2017 actuarial valuation includes an implicit subsidy liability. This liability was not calculated in prior reports because of the former "community rating" exemption for employers participating in large pooled health plans like CalPERS. When premiums for retirees are determined using a blend of active employee and retiree experience, it creates an implicit subsidy to the retirees, since retiree healthcare costs are generally higher than those of active employees. ASOP 6 effectively requires most public agencies to calculate an implicit subsidy liability whenever their retirees participate in the group medical plans, but pay the same premiums as active employees. ASOP 6 is effective for all actuarial valuations with a measurement dated on or after March 31, 2015.

NOTE 12-OTHER POST EMPLOYMENT BENEFITS (OPEB) (Continued)

The following table shows the components of the City's annual OPEB cost for the year, the amount actually contributed to the Plan, and changes in the City's Net OPEB obligation:

Annual required contribution (ARC) Interest on Net OPEB Obligation Adjustment to annual required contribution	\$669,000 21,000 (175,000)
Annual OPEB cost Contributions made	515,000 (134,055)
Change in net OPEB obligation	380,945
Net OPEB Obligation at June 30, 2016	518,562
Net OPEB Obligation at June 30, 2017	\$899,507

The City's annual OPEB cost, the percentage of annual OPEB cost contributed to the Plan, and the net OPEB obligation for fiscal year 2016/17 and the two preceding fiscal years were as follows:

		Percentage of			
	i	Annual OPEB	Actual	OPEB Cost	Net OPEB
	Fiscal Year	Cost	Contributions	Contributed	Obligation
	June 30, 2015	\$511,000	\$109,417	21%	\$1,606,185
	June 30, 2016	542,000	1,629,623	301%	518,562
	June 30, 2017	515,000	134,055	26%	899,507

D. Funding Status and Funding Progress

The funded status of the Plan as of January 1, 2017, the Plan's most recent actuarial valuation date, was as follows (in thousands):

						Unfunded
			Unfunded			(Overfunded)
		Entry Age	(Overfunded)			Actuarial
	Actuarial	Actuarial	Actuarial			Liability as
Actuarial	Value of	Accrued	Accrued	Funded	Covered	Percentage of
Valuation	n Assets	Liability	Liability	Ratio	Payroll	Covered Payrol
Date	(A)	(B)	(A - B)	(A/B)	(C)	[(A-B)/C]
1/1/2017	\$1,566	\$3,097	\$1,531	50.57%	\$11,593	13.21%

Actuarial valuations of an ongoing plan involve estimates of the value of expected benefit payments and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

NOTE 12-OTHER POST EMPLOYMENT BENEFITS (OPEB) (Continued)

E. Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan participants) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan participants to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

For the January 1, 2017 actuarial valuation, the entry age normal actuarial cost method was used. The actuarial assumptions included a 6.75% investment rate of return (net of administrative expenses), a 2.75% general inflation rate, a 3.00% projected salary increases, and a medical trend of declining annual increases from 7.5% starting 2018 to 4.75% for years 2032 and after for non-Medicare and 6.50 % starting 2018 to 4.75% for years 2032 and after for Medicare. The PEMHCA minimum was assumed to annually increase by 4.25%. The UAAL is amortized as a level percentage of projected payrolls over 30 years on a closed basis commencing January 2009.

NOTE 13 – CONTINGENCIES

The City is presently involved in certain matters of litigation that have arisen in the normal course of conducting City business. City management believes, based upon consultation with the City Attorney, that these cases, in the aggregate, are not expected to result in a material adverse financial impact on the City. Additionally, City management believes that the City's insurance programs are reasonably sufficient to cover any potential losses should an unfavorable outcome materialize.

The City participates in several Federal and State grant programs. These programs are subject to the audits by the City's independent accountants in accordance with the provisions of the Federal Single Audit Act as amended and applicable State requirements. In addition, these programs are subject to further examination by the grantors and the amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time. The City expects such amounts, if any, to be immaterial.

NOTE 14 – OTHER INFORMATION

A. Joint Powers Agreements

The City participates in joint ventures through Joint Powers Authorities (JPAs) established under the Joint Exercise of Powers Act of the State of California. As separate legal entities, these JPAs exercise full powers and authorities within the scope of the related Joint Powers Agreement, including the preparation of annual budgets, accountability for all funds, the power to make and execute contracts and the right to sue and be sued. Obligations and liabilities of the JPAs are not those of the City.

NOTE 14 - OTHER INFORMATION (Continued)

Each JPA is governed by a board consisting of representatives from each member agency. Each board controls the operations of its respective JPA, including selection of management and approval of operating budgets, independent of any influence of member agencies beyond their representation of the board.

City of Palo Alto Regional Water Quality Control Plant: The City has an agreement with the City of Palo Alto to purchase treatment capacity at the Palo Alto Regional Water Quality Control Plant. It was formed in 1968 by a joint exercise of powers among the cities of Palo Alto, Mountain View, and Los Altos, constructed, maintains and operates sewage treatment facilities serving its member cities. The agreement provides that the City will purchase capacity for 50 years. The City of Palo Alto acts as administrator and bills each member its share of the operating costs. The audited financial statements can be obtained by contacting the City of Palo Alto at P.O. Box 10250, Palo Alto, CA 94303.

North County Library Authority (NCLA): The NCLA, formed in 1985 by a joint exercise of powers agreement between the City and the Town of Los Altos Hills, provides library services for member residents. The NCLA was created to provide financing for capital improvements and additional services by the public libraries serving the area. Although the City owns the libraries and their sites, the County of Santa Clara (County) is responsible for all library operations. However, since 1985, the NCLA has levied a voter approved special parcel tax to compensate for service reductions due to cutbacks by the County. The special tax has been collected by the County, transferred to the City, on behalf of NCLA, and then transferred back to the County for the specifically requested services provided by the libraries within the NCLA's service area. The City performs administrative and accounting services for NCLA. In 1991, the NCLA issued Special Tax Bonds in the amount of \$3,645,000. The Special Tax Bonds were repaid off as of June 30, 2012. In 2010, NCLA successfully passed an updated twenty year parcel tax extending the assessment term to 2030. No new debt was issued in association with this election. The audited financial statements can be obtained by contacting the NCLA at One North San Antonio Road, Los Altos, CA 94022.

Community Health Awareness Council (CHAC): CHAC was organized as a joint powers agency between the City of Los Altos, City of Mountain View, Town of Los Altos Hills, Los Altos School District, Mountain View Whisman School District, and Mountain View-Los Altos High School District. CHAC provides prevention and intervention services concentrating on positive alternatives to health abuse and self-destructive behaviors within the communities served. The audited financial statements can be obtained by contacting CHAC at P.O. Box 335, Mountain View, California, 94042.

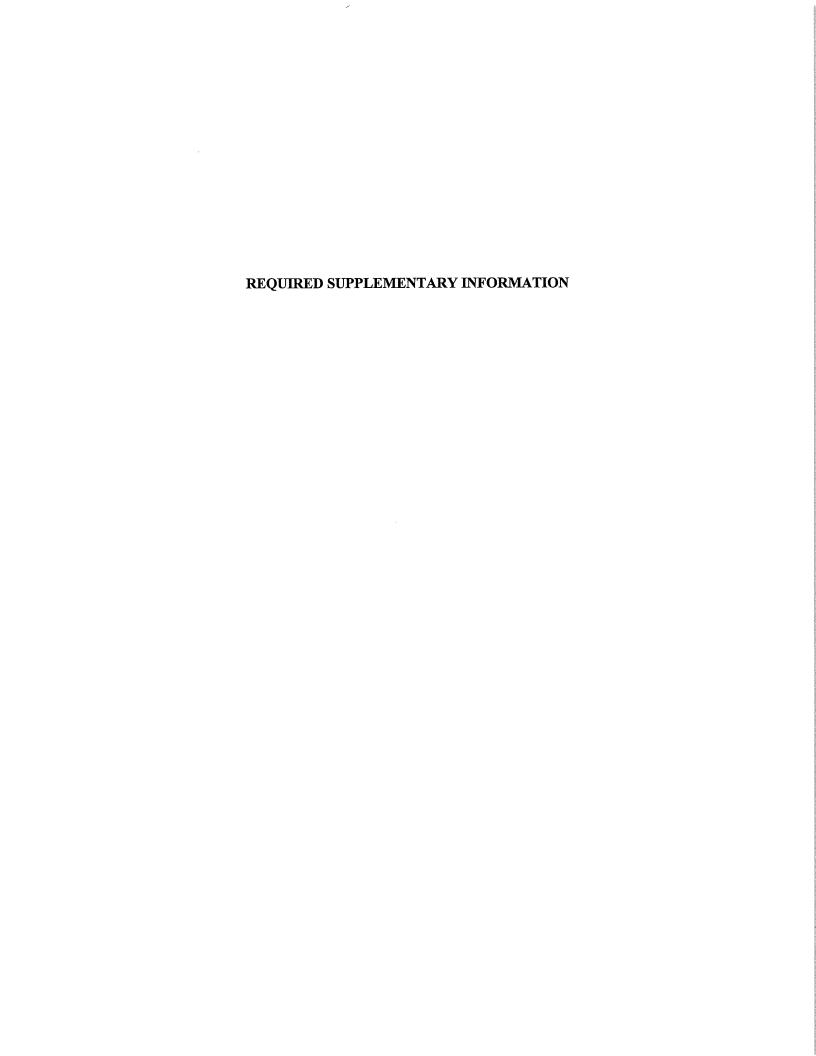

Silicon Valley Clean Energy Authority: The Silicon Valley Clean Energy Authority (SVCEA) was established in 2016 by 12 agencies in Santa Clara County including the City of Los Altos. The purpose of SVCEA is to enable the member agencies to pool the electricity demand within their jurisdictions to directly procure or generate electrical power supplies on behalf of the residents and businesses in their communities, thus allowing those agencies to provide a clean energy option for residents at a competitive price with traditional energy sources. As part of the implementation of SVCEA, the City of Los Altos paid \$100,000 for its portion of the start-up costs. These funds are to be reimbursed to the City once the Authority has achieved financial sustainability.

NOTE 15 – OTHER COMMITMENTS

A summary of remaining authorized CIP project balances at June 30, 2017 for all City funds by service area are as follows:

~ .	. •		
(Construc	tion	ın	progress:
Comba	MOH	111	DIO CHE ODD

Streets and Roadways	\$1,995,436
Pedestrian Safety	3,581,249
Infrastructure and Facilities	1,481,041

COST-SHARING EMPLOYER DEFINED PENSION PLAN:

SCHEDULE OF PROPORTIONATE SHARE OF THE NET PENSION LIABILITY AND RELATED RATIO

This schedule reports the proportion (percentage) of the collective net pension liability, the proportionate share (amount) of the collective net pension liability, the employer's covered employee payroll, the proportionate share (amount of the collective net pension liability as a percentage of the employer's covered employee payroll and the pension plan's fiduciary net position as a percentage of the total pension liability.

SCHEDULE OF CONTRIBUTIONS

This schedule reports the cost sharing employer's contributions to the plan which are actuarially determined, the employer's actual contributions, the difference between the actual and actuarially determined contributions, and a ratio of the actual contributions divided by covered employee payroll.

CITY OF LOS ALTOS

Note to Required Supplementary Information For the Year Ended June 30, 2017

1. Budget and Budgetary Accounting

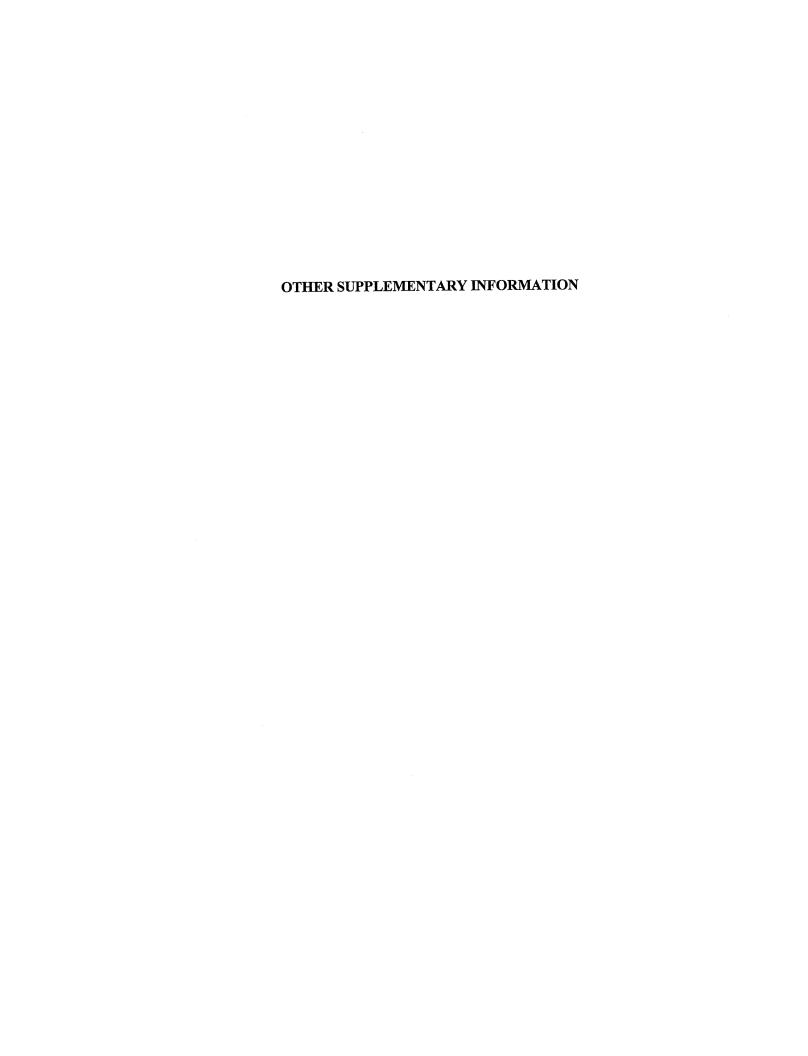

The City adopts a budget annually for General Fund, Special Revenue Funds, (except for the Storm Drain Deposits Fund and Vehicle Registration Fees Fund), Equipment Replacement Capital Projects Fund, and Debt Service Fund that is effective July 1 for the ensuing fiscal year. From the effective date of the budget, which is adopted and controlled at the fund level, the amounts stated therein as proposed expenditures become appropriations to the various City departments. The City Council may amend the budget during the fiscal year. The City Manager is authorized to transfer budgeted amount between departments and line items within any fund to achieve a balanced budget; however, any revisions which alter the total expenditures of any fund must be approved by the City Council. Transfers between funds must be approved by the City Council. All appropriations lapse at year-end unless otherwise authorized by the City Council and the City Manager, except for capital improvement projects and open purchase order commitments for which appropriations endure until the project or obligation is completed.

Budgets are adopted on a basis consistent with generally accepted accounting principles except for capital projects funds, which are adopted on a project length basis, which means budgets are used until the project's completion for the entire project amount.

The following major Special Revenue Fund incurred expenditures in excess of appropriations during the fiscal year. Sufficient resources were available within the funds to support the additional expenditures:

Fund	Amount
In-Lieu Park Land Fund	\$77,317

GENERAL FUND

General Fund – Accounts for all financial resources necessary to carry out basic governmental activities of the City that are not accounted for in other funds. The General Fund supports essential City services such as police, fire, street and parks maintenance, maintenance services, community development and recreation activities. The General Fund also includes the Real Property Proceeds Funds, which accounts for the proceeds from the sale of real property and the Community Facilities Renewal Fund, which accounts for the revenues and expenditures related to the community facilities renewal efforts.

NON-MAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

VEHICLE IMPOUND FUND

To account for revenues collected from arrest and towing fees that are dedicated for public safety purposes.

SUPPLEMENTAL LAW ENFORCEMENT FUND

To account for revenues from the Citizen's Option for Public Safety Program in support of additional front-line law enforcement services.

GAS TAX FUNDS

To account for the revenues received from the State gas taxes under the provision of the Streets and Highways Codes. These revenues are restricted to uses related to construction and improvements, an maintenance and repair of local streets.

PROPOSITION 1B FUND

To account for the allocated bond fund amount from the State under the Proposition 1B provisions.

STORM DRAIN DEPOSITS FUND

To account for fees collected from new subdivision development. All funds are restricted to construction and improvement of the storm drain system.

COMMUNITY DEVELOPMENT BLOCK GRANT FUND

To account for grant funds received from the federal government specifically for the housing rehabilitation loan programs, the human services programs through local nonprofit agencies, and the accessibility improvements in compliance with the American with Disabilities Act.

DOWNTOWN PARKING FUND

To account for revenues received from the lease of the public parking plazas and in-lieu program fees. The revenues are dedicated for the construction and improvement of downtown parking facilities.

TRAFFIC IMPACT FEE FUND

To account for revenues received from development. The revenues are dedicated for transportation improvements within the city.

ESTATE DONATION FUND

To account for donations received that are dedicated for purposes specified by the donors.

TDA FUND

To account for State Transportation Development Act, Article 3 funds for bike route and pedestrian facilities improvements.

NON-MAJOR GOVERNMENTAL FUNDS (Continued)

SPECIAL REVENUE FUNDS (Continued)

PEG FUND

To account for fees collected by local Cable Television franchise. All funds are restricted for public education and government access programming.

VEHICLE REGISTRATION FEES

To account for fees collected by the Department of Motor Vehicles from registrations in Santa Clara County. All funds are restricted to street projects.

CAPITAL PROJECTS FUND

EQUIPMENT REPLACEMENT FUND

To account for the revenues and expenditures related to the replacement of certain City equipment and vehicles.

DEBT SERVICE FUND

GENERAL DEBT SERVICE

To account for the accumulation of revenues for periodic payment of principal and interest on Certificates of Participation and related authorized costs.

INTERNAL SERVICE FUNDS

Internal Service Funds are used to account for the financing of goods and services provided by one City department or agency to other departments or agencies of the City, or to other government units on a cost-reimbursement basis (including depreciation).

DENTAL REIMBURSEMENT

To account for costs of the City's self insurance dental program. Funds are provided primarily from charges to departments.

UNEMPLOYMENT INSURANCE

To account for the unemployment insurance premiums and claims made against the City. Funds are provided primarily from charges to departments.

WORKERS' COMPENSATION INSURANCE

To account for the premium costs and self-insured claim losses made against the City for workers compensation. Funds are provided primarily from charges to departments.

LIABILITY INSURANCE

To account for the premium costs and self-insured claim losses made against the City for property-related and general liability. Funds are provided primarily from charges to departments.

FIDUCIARY FUNDS

AGENCY FUNDS

NORTH COUNTY LIBRARY AUTHORITY

This fund accounts for the operating activities and the special assessment collection pertaining to the North County Library Authority.

AVALON DRIVE CURB AND GUTTER

This fund accounts for the accumulation of resources for payment of the debt service related to the construction and installation of curbs and gutters. The revenue is derived from the special assessment levied to property owners within that improvement district.

RAYMUNDO CURB AND GUTTER

This fund accounts for the accumulation of resources for payment of the debt service related to the construction and installation of curbs and gutters. The revenue is derived from the special assessment levied to property owners within that improvement district.

BLUE OAK LANE SEWER

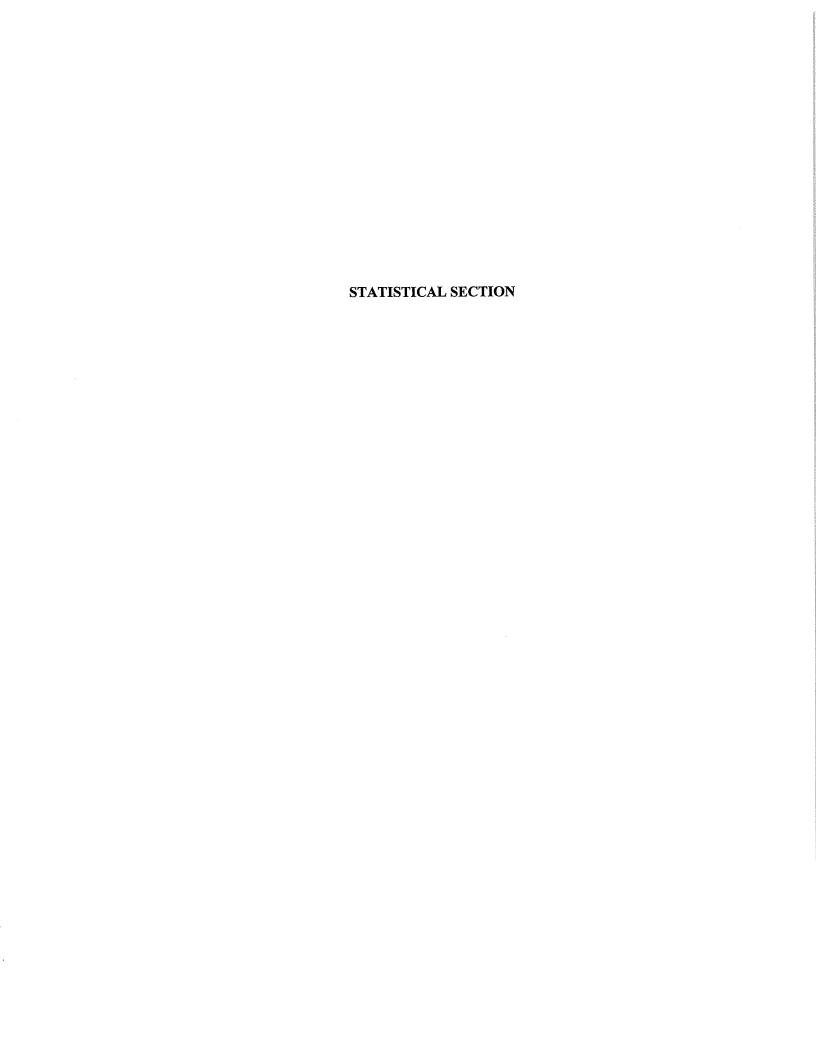

This fund accounts for the accumulation of resources for payment of the debt service, construction and installation of sanitary sewer systems on Blue Oak Lane funded via November 2009 limited obligation assessment district bonds. The revenue is derived from the special assessment levied to property owners within that improvement district.

STATISTICAL SECTION

This part of the City's Comprehensive Annual Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health. In contrast to the financial section, the statistical section information is not subject to independent audit.

Financial Trends

These schedules contain trend information to help the reader understand how the City's financial performance and well being have changed over time:

- 1. Net Position by Component
- 2. Changes in Net Position
- 3. Fund Balances of Governmental Funds
- 4. Changes in Fund Balances of Governmental Funds

Revenue Capacity

These schedules contain information to help the reader assess the City's most significant local revenue source, the property tax:

- 1. Tax Revenues by Source, Governmental Funds
- 2. Assessed Value of Taxable Property
- 3. Property Tax Dollar by Break Down
- 4. Property Tax Dollars by Recipient Group
- 5. Direct and Overlapping Tax Rates
- 6. Principal Property Taxpayers
- 7. Property Tax Levies and Collections

Debt Capacity

These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future:

- 1. Ratios of Outstanding Debt by Type
- 2. Schedule of Direct and Overlapping Bonded Debt
- 3. Legal Debt Margin

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place:

- 1. Demographic Statistics
- 2. Principal Employers

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs:

- 1. Full-Time Equivalent City Employees by Function/Program
- 2. Operating Indicators by Function/Program
- 3. Capital Asset Statistics by Function/Program
- 4. Trust and Agency Debt Administration

Sources

Unless otherwise noted, the information in these schedules is derived from the Comprehensive Annual Financial Reports for the relevant year.

- purchase price, plus an increment of no more than two percent annually, plus any property improvements of substantial value to the property. These values are considered to be full market values for the City of Los Altos. (1) - The California State Constitution requires property to be assessed at one hundred percent of the most recent
- (2) California cities do not set their own direct tax rate. The California State Constitution establishes the rate at 1% and the County of Santa Clara is responsible for allocating a portion of that amount to all the taxing entities within each of the City's tax rate areas. The City has 15 tax rate areas and receives of approximately 12% of that 1% rate.
