

DATE: June 26, 2017

AGENDA ITEM # 5

TO: Bicycle/Pedestrian Advisory Commission
FROM: Susanna Chan, Staff Liaison
SUBJECT: Managers Mobility Partnership Subcommittee Report

RECOMMENDATION:

Receive subcommittee report on Mobility Managers Partnership

BACKGROUND

The Managers Mobility Partnership is an agreement between the managers of four Silicon Valley cities (Palo Alto, Mountain View, Redwood City and Menlo Park) and Stanford University. The five partners agreed in May 2016 to work jointly to address transportation challenges facing their communities. Joint Venture Silicon Valley, a non-profit stewardship organization, convenes the five entities and provides staffing and administrative support.

DISCUSSION

At the June 28, 2017 meeting, the BPAC decided to form a subcommittee to explore the possibility and practicality of joining the partnership. Vice Chair Brinsfield and Commissioner Kriegh accepted the assignment. The subcommittee will provide a report on their research at the July 26, 2017 meeting.
