CITY OF LOS ALTOS CA

Education and Qualifications:

The City of Los Altos is the destination and home for many people near and far, from so many different backgrounds.

My goal, as a member of the Los Altos City Council is to strengthen the aesthetics and economics of our City.

The role of a leader involves the ability to research and assess information with efficient speed, respectful thought, and decide on priorities. Our community has many great citizens.

There is a need for leaders to have critical thinking, be technically savvy and decide on what is practical and possible. For over 40 years, I have worked in the community and gained a business background including management, teaching, volunteering, Santa Clara county appointments, and residential real estate brokerage. Crisis management, competent communication, and a dedicated and disciplined work ethic help me succeed.

On a personal note, I enjoy gardening, reading, my family, being active in the community and the outdoors. I am grateful to have been in Los Altos since the age of 5.

I believe my background, personality, diligence and experience will allow me to be a useful contribution to our beautiful Los Altos.
