Good morning!

My name is jen aronowitz and I am writing ahead of tonight's meeting in case I am not able to attend because of a work conflict.

While I love our town, these last few months I have not liked it very much. It's made me very sad to sit back and watch our leaders feel they had to stay silent about an issue that I know we all feel so passionately about.

I really appreciated Mayor Fligor's statement on the issue and the comments she made at a rally I recently attended. I hope we can continue to condemn hate, labeling people of color and any and all racism, in our community and all over the world.

First, I'm asking the council to please condemn Councilmember Lee Eng for her comments made on November 24th 2020 that accused Mr. Kenan Moos of threatening her, causing him to feel attacked and unsafe. Sadly these are not new feelings for Mr. Moos in our town. But I'm hoping we can work together to help them become sad memories of a distant past.

I'd also like you to clear the name of Mr Keenan Moos so that he no longer has to be associated in any way with threats toward a council person in our community.

Finally I am really hoping that you will agendize this issue for discussion and a vote during your May 25th meeting so that our city can begin to heal knowing that our leaders don't avoid hard issues and can stand with us as one against racism and the labeling of a young man that otherwise may have followed him for the rest of his life.

Let's lift one another up and not put each other down. We as a community have to be better than that. Let's do better.

Thank you so much for listening and have a great day.

Our Government and our Culture is based on "FREE SPEECH"
If someone for any reason feels threatened by someone else...
It is their freedom to feel that way. IT'S OUR CULTURE !
However, there are those who support a "Cancel Culture" movement.
One of my favorite comedians... DAVE CHAPPELLE had this to say in an interview.

"The Social Justice Left has a purity problem".
"And since everyone and everything is flawed".
"That poses a problem for their own ranks".
"Even if you are part of the cancel culture mob".
"Eventually it will turn on you due to the constantly shifting".
"Winds of politics and the constant oppression of thought".
"Eventually, they will cancel themselves in their quest to cancel everything".

Well said Dave... You are the MAN !

Subject: Council must pass a resolution condemning Councilmember Lee Eng's actions
Date: Tuesday, May 11, 2021 8:43:46 AM

May 11, 2021

To: Los Altos City Council

Fm: Cindy Sidaris, Los Altos resident

I am asking the City Council to create and pass a resolution that condemns Councilmember Lee Eng's statement of November 24, 2020, condemns her actions by not apologizing for her mistake and for allowing this matter to persist for months, and condemns her statement of April 26, 2021.

Further, the resolution must make it clear that Kenan Moos has never been a threat to Lee Eng or anyone else, and his name cleared.

Since Councilmember Lee Eng is incapable of doing what is right by making a public apology for her actions, the Council must act; it is the only way to resolve this matter so that the community can begin to heal.

Please agendaize a resolution and pass the resolution quickly.

Thank you

Dear Mayor, Vice Mayor and Council Members,

We voted for each of you because we felt you would represent us fairly and work to better our community. At this point, you are allowing one very loud group to takeover our Council meetings and we ask that this be stopped.

Over the last 5 months we've watched representatives of the Justice Vanguard Foundation, Mr. Moos, the entire Moos family and supporters, try to destroy the reputation of one of our Council Members in order to, paraphrasing Mr. Moos, get her to resign. For the most part, Council has sat back, listened as speakers have pilloried Ms. Lee Eng—and done nothing. Ms. Lee Eng has been verbally harassed and bullied, called dreadful names, been slandered for no reason—and you've done nothing to help your colleague. The first 60-90 minutes of every single meeting since December has been a barrage of unfounded accusations. According to Council norms, this is something can be controlled—yet most of Council has allowed this to escalate with minimal comment. For Council to be productive and manage other pressing City issues, you must adhere to Council norms to put an end to this. We expect you to work constructively as a team and get things done.

We implore you to resolve this situation and stop the verbal abuse directed at Lynette Lee Eng at the beginning of every Council meeting. Isn't it time to get on with addressing some of the other important topics that pertain to our City?

Unfortunately we will not be able to attend Tuesday's meeting but ask that this email be read into the record.

Sincerely,

Nancy and Ron Ellickson

Dear Los Altos Council members,

I want to commend and support Council member Lynette Lee Eng for her record of listening to and supporting Los Altos residents to make Los Altos the best that it can be.

Unfortunately, a former Los Altos High School student has fabricated what happened at the Los Altos City Council meeting on November 24th. In an apparent effort to promote himself and gain notoriety, he has orchestrated a campaign to smear and intimidate Council member Lee Eng.

Council member Lee Eng has demonstrated maturity, integrity, fortitude, and incredible character by withstanding months of hate and abuse. In an era where polls show Asian Americans fear becoming victims of hate-based discrimination and violence, I ask the Mayor, City Council, and the City attorney, and all residents of Los Altos to take a stand against hate and bullying. We should not permit our first Asian American woman to serve on the City Council be subjected to further bullying.

I request that Mayor Fligor enforce City Council norms with respect to the public comment period and cut-off callers who are abusive, use profanity, scream, and insult anyone on the City Council.

It is time for the Mayor and the City Council to show leadership and stop this campaign of harassment.

Sincerely,

Bennett Wong

Dear Andrea,

Thank goodness for videos! Based on the videos I watched of the Council persons' comments, I believe Council woman Lynette Lee Eng was miss quoted, unfairly maligned and treated with disrespect by some of the other members of the City Council.

We all agree that people should be treated with respect and in an honest manner regardless of their racial background and regardless of their point of view. But it's the implementation of those principles where the unity sometimes break down.

Thank you for your time and for allowing me to speak.

Good morning:

This is a follow up to a recent submission of public comments of items not on the agenda. I am writing to request that you read this at the appropriate time at tonight's meeting. Thanks.

Begin public comment:

I must comment once again because enemies of Council Member Lee Eng continue to poison discourse by continuing to harp on an issue from half a year ago. I am tired of this, but I am not the one keeping this issue alive. For those who do not know, Lee Eng is being pressured to resign because she was disturbed by the text messages she received, which can be interpreted as threatening. As I said at the time, she should not resign.

For the thousandth time, I must state the obvious: don't resign! Lee Eng's enemies continue to beat this dead horse even though the council adopted a resolution denouncing ongoing Anti-Asian Sentiment and Violence Against Asian American Community Members. Since passing a resolution did nothing to resolve the issue, I suspect that city-wide anti bias training would be useless. One must ask the question: are there racist

motives that are keeping this issue alive? What else could it be? I would appreciate an explanation.

*We must recall Lee Eng's enemies have fabricated the facts: she did not allege anyone threatened her or mention anybody by name. However, she had every right to be concerned by the texts that were sent to her. Although the final text in the series reads, "I just want to be clear, this is in no way a threat of any kind. This is me expressing my disappointment," one has to ask why this statement was necessary if the texts in question were unambiguously **NOT** a threat? Considering recent events around the country, it is reasonable to fear doxxing, vandalism or physical harm. Last year, this happened to the mayors of San Jose and Oakland.*

People have fanned the flames by demanding Lee Eng apologize but her enemies need to acknowledge that the texts could be interpreted as a threat. The existence of the final text admits that possibility. Lee Eng should not apologize or resign. Lee Eng's enemies owe the city an apology for keeping this issue alive.

Honorable Council members, I am very concerned about the despicable harassment of Councilwomen Ms Lee Eng. Justice Vanguard & Kenan Moos have created a false narrative and are making blatant omissions of the "TRUTH". Transcripts of the entire situation prove that Ms Lee Eng had every reason to feel threatened. However, Ms Lee Eng NEVER used the word threatened... another Council Women did. I am ashamed that our Los Altos City Council has NEVER put a STOP to this unfounded sexist and racial hatred of Ms Lee Eng

Subject: Ms. Lee Eng vs Kenan Moos
Date: Tuesday, May 11, 2021 4:19:30 PM

City Counsel Members,

I have reviewed the conflict between Ms. Lee Eng vs Kenan Moo. Most important consideration is if Ms. Lee Eng is a good counsel member for Los Altos and has made valuable contributions to the City. Being a past mayor and concern about budgets she is clearly a value to Los Altos.

Mr. Moos has attacked Ms. Lee Eng about her support of the SRO. This motivation is clearly based on the push to defund the police in general, a narrative strongly supported by radical political groups which includes the BLM organization which has been strongly promoted locally by Mr. Moos. In fact the founders of BLM have openly admitted they are trained Marxists. Actions by Mr. Moos and his group, Justice Vanguard, clearly show the same techniques used by BLM. In the video of a previous meeting I reviewed Mr. Moos did refer to a teacher as "comrade", a term commonly used by communist/Marxists when referring to fellow communist.

Defunding the police has resulted in rapidly increasing crime in cities such as Seattle, Chicago, New York and many other cites. It is a bad concept that I am sure the City Counsel would be in agreement. Don't start with the SRO. I am sure that Mr. Moos has not given any good reasons for taking the action of removing the SRO.

I do see Mr Moos' actions as joining in on the attacks against Asians, thus his continuous attacks on Ms. Lee Eng. Please give Ms. Lee Eng support she deserves from the City Counsel and allow her to keep her much deserved seat on the City Counsel.

Thank you,

Dave

Please read my letter during public comments in tonight's meeting..

My name is Linda

Ms. Lee Eng continues to get bullied at every City Council meeting because she responded to a text message with concern for her and her family's safety.

She has been falsely accused of saying things she never said while also being attacked for not responding to the numerous individuals who called her names and demeaned her.

An ancient Chinese proverb translates to "A quiet heart will naturally keep you calm

and cool.”

The idea, in Asian culture, is that it’s better to keep your mouth shut rather than to cause a fuss, for fear of attracting unwanted attention on yourself — or your family.

I’m here to tell you that you can’t fight racism with racism. The bullies have made no effort to understand Ms. Lee Eng’s culture or point of view. It’s time for the bullies to educate themselves about Asian culture, show the empathy they demand, and stop the attacks.

Thank you.

RE: Kenan Moos/Lynette Lee Eng

Dear Councilmembers,

I am writing to you once again in dismay that Councilmember Lee Eng refuses to accept responsibility for the damage done to Kenan Moos, the Moos family and Justice Vanguard. She has refused to even acknowledge her violation of council norms in reading her texts during a meeting. I implore you to take action on behalf of the council to restore Mr. Moos' reputation, heal this community and become a more productive body.

I urge you to agendize this issue and vote on a resolution that clearly states:

1. After looking at all records produced by Lee Eng and Kenan Moos and reviewing the video of the council meeting, there was no threat made.
2. The council and city attorney wrongly amplified Lee Eng's claim of a threat and thus are apologizing to Kenan Moos and Justice Vanguard on behalf of the council.
3. Lynette Lee Eng, by reading texts from a constituent during a council meeting on the issue under discussion and then accusing Kenan Moos, violated council norms, disrupted the council meeting of November 24, 2020 and continues to disrupt council meetings by not working to resolve this issue.

Silence is violence. Please do the right thing for Mr. Moos and for this city.

Thank you,

"Good evening, and thank you for letting me use my right of Free Speech.

Regarding Ms. Eng and the Moos family, I am educated on the events leading to today.

I find it very disturbing that a group of bullies such as the Moos Family is being allowed by this council to punish a member of the council simply for making a decision that doesn't work for Moos.

Mr. Moos is using Cancel Culture and other Communist and Antifa-like tactics to intimidate and terrorize a good, respectable woman who has the right to her Freedom of Speech.

If all it took to get rid of someone you didn't like was to call someone a name, such as racist, we'd be in China or some other communist country. Now that California allows pedophilia, why wouldn't someone call Mr. Moos a pedophile? Or, a communist? Name calling is juvenile and it needs to stop.

Remember-
name-calling goes both ways, hurts everyone, and will result in nothing worthy of all of the time wasted.

Please stop allowing this bullying to continue and get back to work.

We have much bigger issues to address such as Critical Race Theory in our schools and homes!

Thank you! "

Dear Los Altos City Council:

We support Ms. Lee Eng.

Ms. Lee Eng had every right to be concerned by the text that Mr. Moos sent her. Ms. Lee Eng is the victim of bullying and harassment at a time when we should all be against Anti-Asian hate.

Ms. Lee Eng has been willing to mediate, but Kenan Moos is not interested in a good faith mediation as he was quoted in the Daily Post (April 29, 2021) saying "The only thing I was going to ask for was a resignation, which, come on, we all knew that wasn't going to happen."

The City Council should show leadership and put an end to the attacks on Ms. Lee Eng.

Thank you.
