

**DATE:** 6/11/2024

**TO:** COUNCILMEMBERS

**FROM:** CITY MANAGER'S OFFICE

**SUBJECT:** COUNCIL Q&A FOR JUNE 11, 2024 CITY COUNCIL REGULAR MEETING

**Special Meeting: Public Hearing**

- Under what authority does Attorney Shenkman have the power to grant, or not grant, an extension of time for us to finish the by-district process?  
**Answer: Under the statutory scheme, this entire process only begins with a letter from a lawyer like Mr. Shenkman. Without his letter, there is no timeline or compliance date. The Legislature has determined that a public entity may avoid litigation if it adheres to a very specific statutory timeline once it receives such a letter. If it does not adhere to that statutory timeline, it may be sued. Thus, it is not that Mr. Shenkman has agreed to an extension of time, but rather that he has agreed not to bring suit until a later date.**
- Is there another body with authority to grant an even greater extension of time?  
**Answer: No. Again, the timeline for the transition to district elections was set by the Legislature in the California Voting Rights Act. Hypothetically, it might be possible to go to Court to obtain a different timeline, but this is very unlikely given the detailed instructions provided by the Legislature in the Act, and the very many public entities that have made the transition within the statutory time period.**
- How do you reconcile the statement, "Communities of Interest within the City ... should define the boundaries ..." (pg 3) with "The districts must not be drawn with race as the predominant factor" (pg. 6), these statements seem contradictory.  
**Answer: Those statements are not contradictory at all. "Communities of interest" include geography, socio-economic position, gender, language groups, race, religious affiliations, school district, commercial district orientation, occupations, whether households have children, etc., the list is very long depending on the jurisdiction. While districts may not be drawn with race as the predominant factor, they must be drawn considering best practice demographic principles in light of the very many communities of interest that will be identified during the City's hearings on the transition to districts.**
- Shouldn't Attorney Shenkman be required to prove that his assertion that the City is violating the CVRA is factual, and that he has standing in our jurisdiction by revealing the names of those claiming harm?  
**Answer: To commence the process, the California Voting Rights Act requires only a letter to the City. Mr. Shenkman's letter contains factual data, as well as an allegation that the City is violating the Act. If the City had decided to fight the move to districts, Mr. Shenkman would have been required to prove his allegations at trial. The Act,**

however, provides a safe harbor that allows public entities to avoid the costs of litigation if they comply with a statutory schedule in the transition to district elections. In addition, there is little chance of success in CVRA litigation. Thus, the City has decided to avoid these significant costs and make the transition to district elections for 2026 and 2028. As to the second issue, Mr. Shenkman represents an organization that has one or more members that reside in the City. He is not required to provide their names under the law.

**Agenda Item 1 (Minutes):**

- Please see the accompanying pdf.  
**Answer: Noted**
- Item 1, Minutes - In future agenda items by Mayor Weinberg, it should say "Direct staff to conduct an internal investigation on an allegation of accusation of bias of the commission process (Supported by Meadows [NOT Fligor] and Dailey)"  
**Answer: Noted**

**Agenda Item 6 (Agreement to Maintain Class IIB Bike Lanes):**

- Please provide a copy of the proposed agreement.  
**Answer: Please see separate email regarding a copy of the agreement**
- Are "pavement markers" simply paint? Can you please share an example of what a delineator looks like?  
**Answer: The pavement markings are something simple as painting on the pavement surface. The pavement marking is throughout the City delineating a bike lane. Caltrans will incorporate both pavement markings with the delineator below.**

(The delineator is placed on the pavement as shown)

(Delineator in front of City Hall)

**Agenda Item 9 (HCD Prohousing Designation):**

- If we adopt the revised Resolution, will we have satisfied all the requirements to achieve the Pro-housing Designation?

**Answer: No. The City's Housing Manager is also working on certain administrative requirements to have in place prior to a designation being awarded to Los Altos. New program requirements were established early this year which all jurisdictions are currently updating or amending applications to be eligible to receive the designation.**

- Will this Designation help facilitate financing for 330 Distel?

**Answer: 330 Distel would not be a direct beneficiary of this designation due to timing of award of the designation, and applications for grant dollars for actual projects. This however will be beneficial for future affordable housing within the City.**

#### **Agenda Item 10**

- I believe the Commissioner recommended to serve on Sourcewise is Jayne Cohen, not Jane. The Resolution should be corrected to reflect the right spelling of her name.

**Answer: That is a mistake that will be adjusted.**

#### **Agenda Item 12 (Youth Commission Appointments):**

- Please note an error: One applicant (an incumbent) was left off the chart at the end of the staff report:

**Name:** Talinn Hatti

**Age:** 16

**Grade:** 12

**School:** Los Altos HS

**Answer: Staff Report updated in packet and re-published**

#### **Agenda Item 14 (Sewer Service Charges for FY 24/25):**

- Has the City received any protests or objections to the Report? If so, please provide copies of them.

**Answer: The City has not received any protests or objections to the report.**

#### **Agenda Item 15 (Budget):**

- CD-01031: Where will the new EV chargers be installed? How many will be installed?

**Answer: Exact location and the number of EV chargers is unknown at this time. Per Council goal, it is intended to install the EV station in the Downtown area.**

- CF-01006: When will the sub-station be opened at 999 Fremont?

**Answer: It is anticipated that the project will be done by the end of the fiscal year.**

- CF-01034: When will the Grant Park improvements be complete?

**Answer: Improvements to the Grant Park electrical are expected to be completed within the next 12 months. Other improvements will be scheduled once the electrical upgrades are complete. PGE is projecting March of 2025 before they can schedule the upgrades.**

- Please describe in detail how our Gann limit for FY 24/25 was calculated.

**Answer: The Gann appropriations limit is calculated as follows: The State prepares annual County Population change, City Population Change, and Per Capita Income**

**change factors which are then applied to the prior year limit. The result is the upcoming year's appropriations limit. The calculation worksheets are attached.**

- Please identify which of the proposed fees are increases or decreases from last year, and why staff recommends each change.

**Answer: Development Services fees are based upon the fee study and resolution Council adopted on March 26, 2024 and have not changed since that meeting. All other fees were increased by CPI of 3.8% for FY 24/25.**

- Slide 7 (pg 201 of the PDF) details City Council Priorities - Environmental Sustainability. Both the last two items have to do with PD fleet electrification. When we last discussed this, there were issues with having to have an extra e-car(s) charging while others were in service. Additionally, we were concerned about installing E-fleet charging infrastructure because rebuilding/remodeling of the police station might mean the infrastructure is in the wrong place. How have these issues been resolved since we're proposing going ahead with these investments?

**Answer: Yes, through a new portable EV charging system this has been resolved. There is new technology that will be purchased with this funding that will allow for temporary level 2 or high-speed charging that can be deployed in a very versatile way at PD. Once the City Council has determined the best path forward for the Police Department the portable EV charging system will be moved to MSC and permanent chargers will be installed at PD.**

- Attachment 6, \$46,373,845 is identified as the appropriations limit, can you please share some information on how that is calculated and how it relates to our proposed budgeted expenditures which seem higher than the appropriations limit.

**Answer: The Gann Appropriations limit calculation worksheets are attached. Each year, Cities must calculate their Gann appropriations limit by multiplying the prior year limit, by current year price and population factors to determine the updated, current year limit. This limit determines the amount of general fund tax revenues which can be appropriated for the year. PER our claculation, the Gann Limit is \$46.4 million, and subject revenues are \$42.7 million; -\$3.7 million below the limit.**

- By approving the budget presented does that mean we are accepting all the CIP projects without having further discussion on the items?

**Answer: No. By approving the CIP Budget presented, the Council establishes a placeholder to earmark those funds for the project. Once earmarked, project planning may begin and during that process the project may be brought back to the Council for input. If no input is needed, the project will be brought back to the Council for approval during the bidding process, for any project that exceeds \$100k, pursuant to the City's Purchasing Policy.**

- Why are all the funds allocated for business communities located in the downtown business district and nothing for other business districts?

**Answer: City staff has allocated funds for business communities through the Downtown Maintenance Fund which are specifically allocated to the downtown and through grants that are allocated for specific locations in the downtown triangle area.**

**The City is also allocating money towards the 999 Fremont Ave property in Loyola Corners business district. Many other business districts in Los Altos are privately-owned commercial centers that do not have City-owned parcels adjacent to them such as downtown.**

- What contribution is being made for other business districts?

**Answer: Please see answer above.**

- Based on the items listed on page 27, projects with \$500,00 budget of greater:
  - project 1 - Please attach the breakdown of the bid proposal and costs for the downtown park.

**Answer: City staff is working to complete the RFP that will be issued in the new fiscal year focused on community engagement and design services. City staff does not have the breakdown of costs yet as that will happen after the project has been bid out.**

- Please provide dimensions of space being utilized for downtown park.

**Answer: Per City Council discussion and direction, the proposed dimensions are all of Parking Plaza #1 and half of Parking Plaza #2.**

- project 2 - Please provide the details of how many EV chargers this will cover and a map with locations of chargers.

**Answer: City staff will know the details on EV charger quantity and locations once staff has been able to begin work on the project.**

- In the budget, CD-01003 there is 333,000 allocated for the public arts fund. How is the money going to be spent and when will we discuss providing direction to the commission?

**Answer: This is an estimated funding amount for planned public sculpture maintenance, current rentals that may need renewal and possible projects still to be discussed by the Parks, Arts, Recreation and Culture commission.**

- In the budget, CD-XXXXX. Why is the cost of two way finding signs so high?

**Answer: From past experience, with the number of signs that needs to be replaced no electrical connection cost around this amount. Also, a City project is required to pay prevailing wage and we need to place contingency on the project.**

- In the budget, CF-01030 Please provide a list of the parks where they will be receiving hydration stations will be installed.

**Answer: There are currently 5 remaining non-wall mounted drinking fountains that are on the schedule for replacement. The Parks and Arts Commission will prioritize once the funding for the upcoming fiscal year is approved. Staff estimates at least three will be able to be replaced between the following parks: Grant, Village, Shoup (Patriot Corner), Community Plaza, and Rosita.**

- CF-01032 Is the Hillview dog park going to cost \$2,075,000? Did Council approve that amount for 1 dog park at Hillview or is this the total amount for Hillview and McKenzie?

**Answer: Beyond the initial funding for the design work that is currently in its final stages, the total cost of the permanent dog park at Hillview will not be known until the**

entire scope of the project is determined. The \$2M was intended to complete design and construction at Hillview, including changes to the Library parking lot. Remaining funds will be used for the design of McKenzie Dog Park.

- CF-01036 Will it take three years to implement the new financial system?  
**Answer: Phase I of the project, which includes the core financial system will be implemented by 07/01/2025. The City has identified several “optional” software components, which will be analyzed and potentially implemented after that date. It is common to add modules to the Tyler system for specific services after the core Financial system and other modules have gone live.**
- CF-01041 Can we delay this project and reallocate the funds to install fitness equipment at other park facilities.  
**Answer: It is recommended that the replacement of the fitness equipment at the Hillview location is completed as planned. Other facilities can be evaluated for need and space for installation without delaying this project.**
- CF-01042 Why are we making improvement to the kitchen in the garden house when we are not upgrading the kitchen at other facilities with much older equipment.  
**Answer: The Garden House is a highly rented facility in a popular location. Basic upgrades to this facility are recommended.**
- CF-01043 Where is the funds needed for the improvements identified and needed for the San Antonio Club identified from Tiny Tots presentation in order to lease it to Children’s Corner. Will the San Antonio Club be accessible to the public on weekends?  
**Answer: With the Children’s Corner program now slated to use the pre-k room at the Community Center, there are no needed improvements identified for the San Antonio Club in order to make it ready for a certified education program. The San Antonio Club will continue to be available for other City program usage and public rentals.**
- CF-01049 Why does it cost \$462,000 to demolish such a small building? Have we bid out the project?  
**Answer: This is the estimated funding needed for the demolition and installation of a pre-fab restroom/storage facility that would take the place of the caretaker’s house.**
- CF-XXX3 Almond Fire House Re-roofing. Can we use the excess in the budget for this project now?  
**Answer: No. Staff would not recommend carrying over current year GF surplus to fund capital programs in the a future fiscal year.**
- TS-01055 When will the Fremont Avenue Pedestrian Bridge project be completed? Can it be completed this year, as it is currently closed.  
**Answer: The design is 80% completed at this time. We have requested the consultant to re-evaluate the bridge to ensure there is not any additional deficiency. Based on the field investigation, we will work on a change order to complete the project's design. If we do not need an environmental permit, the design and construction can be done this**

**fiscal year. If we need to obtain environmental clearance/permit from another agency, the project may be delayed a year for permits.**

- TS-01057 Is replacing the in ground lighting system part of the San Antonio Road project? Why is this a separate line item?

**Answer: San Antonio Road project will address the in road light system separately. This project is to replace existing in ground road lighting with flashing beacons at 18 locations throughout the city, excluding San Antonio.**

- TS-01062 Why are there 2 different costs identified for this project. In one attachment it is 1,513,000 and in another attachment it is \$1,403,000 (attachment 1).

**Answer: \$1,403,000 is the amount for the design phase of the project. OBAG is providing \$1,120,000 and the city is required to provide a match in the amount of \$283,000. The combined amount for the design phase totals \$1,403,000. During the project's construction phase, for the city to obtain \$6,178,000, it will be required to provide \$950,000.00 as a match. The combined match totals \$1,513,000. The amount is for both Design and construction phase of the project. Currently, the match will come from the City's Traffic Impact Fee (TIF) in the amount.**

- TS-XXXXX How did we arrive at an amount of \$500,000 for a citywide traffic survey?

**Answer: The \$500,000 is spread over 5 years with an anticipated annual budget of \$100,000 per year. This amount is based on past project costs.**

- When will we be seeing the full and detailed budget?

**Answer: This is strictly a traffic survey with no design. The city is required to conduct a traffic survey for some of the funding that is provided by VTA**

- Where in the budget is the funds for the grants for non-profits located?

**Answer: The grants are budgeted as General Funds. If, at the time the funds are awarded to the agencies, a non-GF source is identified, the funds will come from there.**

- Where in the budget is our total legal annual expenses?

**Answer: Legal expenses are budgeted in the City Attorney Department and total \$1.54 million for FY2025.**

#### **Agenda Item 16 (Development Fees):**

- Program 3.D. says that we want to encourage the development of higher densities and smaller, more affordable housing units. How will bringing our development fees to the maximum allowed by the nexus study help to accomplish that goal?

**Answer: Setting the rate of the Development Impact Fees is a City Council Policy; the Council may elect to set it at a threshold below the maximum justifiable rate. The Nexus Study does result in a net reduction of Park In-Lieu which is the biggest standalone impact fee collected.**

- What would be the effect of setting the Public Art Development Fee to zero for a year?

**Answer: Staff does not recommend setting the Fee at a collection rate of zero, rather the City can place a moratorium on the collection of the Public Art Development Fee, and revisit this at a later date. In general, the result of not collecting the fee altogether would reduce the cost of an overall development within Los Altos but would draw down the Public Art Fund balance sooner than anticipated. This is a City Council Policy decision.**

- Please identify where in the LAMC the Art fee is an in-lieu fee as opposed to an impact fee.

**Answer: The Public Art Fee is Chapter 3.52 of the Los Altos Municipal Code.**

**Amendments to this Chapter are forthcoming; the existing Chapter may be viewed here:**

**[https://library.municode.com/ca/los\\_altos/codes/code\\_of\\_ordinances?nodeId=TIT3R\\_EFI\\_CH3.52PUARFU](https://library.municode.com/ca/los_altos/codes/code_of_ordinances?nodeId=TIT3R_EFI_CH3.52PUARFU) Historically development have not exercised the option to construct onsite and have rather paid the fee instead of being required to go to another public hearing body of the City. The existing ordinance language is ripe for amendments; the proposed fee schedule does not propose modification to the percentage that is assessed or the \$200k maximum collection.**

- Proposed § 3.60.070: Who will serve as the “independent hearing officer?”

**Answer: The Hearing Officer is determined and appointed by the City Manager.**

- Please confirm that for the Affordable Housing Fee, Appendix A, 3.62.050 D.1 and 3.62.060 D.1 that the developer must meet all inclusionary zoning requirements AND pay an Affordable Housing Fee? Is this fee paid for all units including the inclusionary units or just the market rate units?

**Answer: The second sentence of Appendix A, 3.62.050(D)(1) and 3.62.060(D)(1) should both be strikethrough and removed.**

- The previous sections seem contradictory with 3.62.080 which says that "Those projects that pay an affordable housing impact fee in compliance with this chapter shall not be required to comply with the affordable housing requirements (inclusionary units) found at Section 14.28.030 of the Municipal Code." Please explain.

**Answer: The second sentence of Appendix A, 3.62.050(D)(1) and 3.62.060(D)(1) should both be strikethrough and removed.**

#### **Agenda Item 17 (Parklet):**

- How many planter molds does the city have?

**Answer: The City purchased three molds in March 2024.**

- How long does it take to create the planters with the existing molds?

**Answer: The concrete manufacturer indicated they can provide one planter per mold per business day Monday through Friday. Hypothetically, more molds would mean that planters would be created more quickly.**

- How many molds are needed?

**Answer: There is not a specific number that is needed to create the barriers. Every mold can form 25 barriers each. The number of planters is dependent upon how many restaurants use the specific vendor and how many planters are necessary based on the size of the proposed parklet.**

- How many planters have been made?

**Answer: Staff is aware of at least seven of the eleven restaurants that have paid for their planters, which is almost two-thirds of the applicants. Of the remaining four, one business was recently sold to new owners that are working to bring it into compliance, one has requested the quote from the concrete manufacturer, one does not currently have an existing parklet so this is less time sensitive, and the last one is our largest restaurant that has deferred their large order to the end to give production priority to the other restaurants due to their order quantity.**

**Planters are currently in production for the first wave of three in the first truckload, but they are limited by the number of molds. These seven applicants with existing orders will be in the first two deliveries from the concrete manufacturer with the second wave beginning construction immediately after the first wave.**

**The three remaining applicants mentioned above, minus a singular large restaurant, will be in a third delivery.**

**The final large delivery for our largest parklet will need to have at least one whole truck for the singular restaurant due to the size of the order.**

- How long will it take to produce the number of needed molds?

**Answer: The Parklet construction deadline was set for June 30<sup>th</sup>, 2024, to provide a minimum of 90 days for all businesses to utilize the City molds for the purchase and creation of the planters. The approved parklets do not have to use the city molds and vendor if the planters meet the dimensions and design requirements.**

- Please provide a chart that illustrates how long it will take to create the needed planters with the current molds.

**Answer: If there are currently three molds available, then there will be three planters produced per business day. This would mean that each mold can last for 25 business days to make 25 planters, which is a little more than a month. At this point in time, not all planters will be completed with the molds available by June 30.**

- Where will the molds be stored and how big and heavy are they?

**Answer: The City does not need to store the molds because they are a temporary cast that is purchased and utilized until the project is completed or 25 planters have been made from each mold, whichever occurs first.**

**PROJECT SPECIFIC MAINTENANCE AGREEMENT  
WITH CITY OF LOS ALTOS**

THIS AGREEMENT is made effective this \_\_\_\_\_ day of \_\_\_\_\_, 20\_\_\_\_, by and between the State of California, acting by and through the Department of Transportation, hereinafter referred to as "STATE" and the CITY of Los Altos; hereinafter referred to as "CITY"; and collectively referred to as "PARTIES".

SECTION I

RECITALS

1. Per the parties agreement to construct a Bike Lane on State Route (SR) 82, as part of the Complete Streets Initiative, hereinafter referred to as "PROJECT", and
2. In accordance with said agreement, it was agreed by PARTIES that prior to or upon PROJECT completion, CITY and STATE will enter into a Maintenance Agreement, and
3. The PARTIES hereto mutually desire to identify the maintenance responsibilities of CITY for certain improvements of PROJECT constructed within the STATE right of way.

NOW THEREFORE, IT IS AGREED AS FOLLOWS:

SECTION II

AGREEMENT

1. Exhibit A consists of plan drawings, which describe the areas within STATE right of way which are the responsibility of the CITY to maintain in accordance with this Agreement. Exhibit B is the document delineating the insurance requirement that the City must retain in order to carry out their Maintenance responsibilities under this agreement.
2. If there is mutual agreement on a change in the maintenance responsibilities between PARTIES, this Agreement may be amended in writing and signed by both Parties.
3. CITY must obtain the necessary Encroachment Permits from STATE's District 4 Encroachment Permit Office prior to entering STATE right of way to perform CITY maintenance responsibilities. This permit will be issued at no cost to CITY.

4. BICYCLE LANE CHANNELIZERS constructed within STATE's right of way. CITY is solely responsible for maintenance of the channelizers used with the Project.

## 5. LEGAL RELATIONS AND RESPONSIBILITIES

5.1. Nothing within the provisions of this Agreement is intended to create duties or obligations to or rights in third parties not parties to this Agreement or to affect the legal liability of a PARTY to the Agreement by imposing any standard of care with respect to the operation and maintenance of STATE highways and local facilities different from the standard of care imposed by law.

5.2. Neither CITY nor any officer or employee thereof is responsible for any injury, damage or liability occurring by reason of anything done or omitted to be done by STATE, under or in connection with any work, authority or jurisdiction conferred upon STATE under this Agreement. It is understood and agreed that STATE shall fully defend, indemnify and save harmless CITY and all of their officers and employees from all claims, suits or actions of every name, kind and description brought forth under, including, but not limited to, tortious, contractual, inverse condemnation or other theories or assertions of liability occurring by reason of anything done or omitted to be done by STATE under this Agreement.

5.3. Neither STATE nor any officer or employee thereof is responsible for any injury, damage or liability occurring by reason of anything done or omitted to be done by CITY under or in connection with any work, authority or jurisdiction conferred upon CITY under this Agreement. It is understood and agreed that CITY shall fully defend, indemnify and save harmless STATE and all of its officers and employees from all claims, suits or actions of every name, kind and description brought forth under, including but not limited to, tortious, contractual, inverse condemnation or other theories or assertions of liability occurring by reason of anything done or omitted to be done by CITY under this Agreement.

## 6. PREVAILING WAGES:

6.1. Labor Code Compliance- If the work performed under this Agreement is done under contract and falls within the Labor Code section 1720(a)(1) definition of a "public works" in that it is construction, alteration, demolition, installation, or repair; or maintenance work under Labor Code section 1771. CITY must conform to the provisions of Labor Code sections 1720 through 1815, and all applicable provisions of California Code of Regulations found in Title 8, Chapter 8, Subchapter 3, Articles 1-7. CITY agrees to include prevailing wage requirements in its contracts for public works. Work performed by CITY'S own forces is exempt from the Labor Code's Prevailing Wage requirements.

6.2. Requirements in Subcontracts - CITY shall require its contractors to include prevailing wage requirements in all subcontracts when the work to be performed by the subcontractor under this Agreement is a "public works" as defined in Labor Code Section 1720(a)(1) and Labor Code Section 1771. Subcontracts shall include all prevailing wage requirements set forth in CITY's contracts.

## 7. INSURANCE -

7.1. SELF-INSURED - CITY is self insured. CITY agrees to deliver evidence of self-insured coverage providing general liability insurance, coverage of bodily injury liability and property damage liability, naming STATE, its officers, agents and employees as the additional insured in an amount of \$1 million per occurrence and \$2 million in aggregate and \$5 million in excess. Coverage shall be evidenced by a certification of self-insurance letter ("Letter of Self-Insurance"), satisfactory to STATE, certifying that CITY meets the coverage requirements of this section. This Letter of Self-Insurance shall also identify the bike lane location as depicted in EXHIBIT A. CITY shall deliver to STATE the Letter of Self-Insurance with a signed copy of this AGREEMENT. A copy of the executed Letter of Self-Insurance shall be attached hereto and incorporated as Exhibit B.

7.2. SELF-INSURED using Contractor - If the work performed under this AGREEMENT is done by CITY's contractor(s), CITY shall require its contractor(s) to maintain in force, during the term of this AGREEMENT, a policy of general liability insurance, including coverage of bodily injury liability and property damage liability, naming STATE, its officers, agents and employees as the additional insured in an amount of \$1 million per occurrence and \$2 million in aggregate and \$5 million in excess. Coverage shall be evidenced by a certificate of insurance in a form satisfactory to the STATE that shall be delivered to the STATE with a signed copy of this Agreement.

8. TERMINATION - This Agreement may be terminated by mutual written consent by PARTIES or by STATE for cause. CITY's failure to comply with the provisions of this Agreement may be grounds for a Notice of Termination by STATE.

9. TERM OF AGREEMENT - This Agreement shall become effective on the date first shown on its face sheet and shall remain in full force and effect until amended or terminated as set forth in Article 8 above.

PARTIES are empowered by Streets and Highways Code Section 114 and 130 to enter into this Agreement and have delegated to the undersigned the authority to execute this Agreement on behalf of the respective agencies and covenants to have followed all the necessary legal requirements to validly execute this Agreement.

IN WITNESS WHEREOF, the PARTIES hereto have set their hands and seals the day and year first above written.

February 21, 2024

Re: Statement of Self-Insurance for City of Los Altos for Maintenance Agreement with California Department of Transportation for the PROJECT along Route 82 from west of Rengstorff Avenue to Los Altos Avenue.

Dear Mr. Al-Zireeni:

This letter certifies that the CITY of Los Altos is self-insured and self-funded covering third-party claims arising out of its general operations (i.e.; commercial general liability and automobile liability insurance). Further, the CITY is self-insured covering workers' compensation claims and has received the consent of the State Department of Industrial Relations to do so.

Each fiscal year, as a part of its budgetary process, the CITY appropriates funds specifically to satisfy valid third-party claims and workers' compensation claims, which may be brought against the CITY.

The CITY certifies its self-insured, general liability coverage for bodily injury and property damage liability, meets the required coverage amounts in section 7 (Insurance) of the Project Specific Maintenance Agreement, specifically general liability insurance, coverage of bodily injury and property damage liability in an amount of \$1 million per occurrence and \$2 million in aggregate and \$5 million in excess.

If you need any additional information regarding this letter, please direct those inquiries through my office.

Sincerely,

Gabriel Engeland (Feb 21, 2024 09:15 PST)

Gabriel Engeland

April 30, 2024

Dear Fiscal Officer:

## Price Factor and Population Information

### Appropriations Limit

California Revenue and Taxation Code section 2227 requires the Department of Finance to transmit an estimate of the percentage change in population to local governments. Each local jurisdiction must use their percentage change in population factor for January 1, 2024, in conjunction with a change in the cost of living, or price factor, to calculate their appropriations limit for fiscal year 2024-25. Attachment A provides the change in California's per capita personal income and an example for utilizing the factors to calculate the 2024-25 appropriations limit. Attachment B provides the city and unincorporated county population percentage change. Attachment C provides the population percentage change for counties and their summed incorporated areas. The population percentage change data excludes federal and state institutionalized populations and military populations.

### Population Percent Change for Special Districts

Some special districts must establish an annual appropriations limit. [California Revenue and Taxation Code section 2228](#) provides additional information regarding the appropriations limit. [Article XIII B, section 9\(C\) of the California Constitution](#) exempts certain special districts from the appropriations limit calculation mandate. Special districts required by law to calculate their appropriations limit must present the calculation as part of their annual audit. Any questions special districts have on this requirement should be directed to their county, district legal counsel, or the law itself. No state agency reviews the local appropriations limits.

### Population Certification

The population certification program applies only to cities and counties. California Revenue and Taxation Code section 11005.6 mandates Finance to automatically certify any population estimate that exceeds the current certified population with the State Controller's Office. **Finance will certify the higher estimate to the State Controller by June 1, 2024.** Please note: The prior year's city population estimates may be revised. The per capita personal income change is based on historical data.

If you have any questions regarding this data, please contact the Demographic Research Unit at (916) 323-4086.

/s Richard Gillihan

RICHARD GILLIHAN  
Chief Operating Officer

Attachment

- A. **Price Factor:** Article XIII B specifies that local jurisdictions select their cost of living factor to compute their appropriation limit by a vote of their governing body. The cost of living factor provided here is per capita personal income. If the percentage change in per capita personal income is selected, the percentage change to be used in setting the fiscal year 2024-25 appropriation limit is:

Per Capita Personal Income	
Fiscal Year (FY)	Percentage change over prior year
2024-25	3.62

- B. Following is an example using sample population change and the change in California per capita personal income as growth factors in computing a 2024-25 appropriation limit.

**2024-25:**

Per Capita Cost of Living Change = 3.62 percent  
Population Change = 0.17 percent

Per Capita Cost of Living converted to a ratio:  $\frac{3.62 + 100}{100} = 1.0362$

Population converted to a ratio:  $\frac{0.17 + 100}{100} = 1.0017$

Calculation of factor for FY 2024-25:  $1.0362 \times 1.0017 = 1.0379$

Fiscal Year 2024-25
