Hello Sierra Davis,

We reside at 1591 Landell Ct, which immediately borders 1583 Landell Ct., for which you are having a design review tomorrow night. Although my house is physically closer than any of six adjacent properties, we thought you might like to know that I have no problems at all with the design we saw at the open house which M Design Architects presented at Deepika and Mahesh's house a few months ago. Most of our neighbors are two story homes and the new design presented there was tasteful and blended in nicely.

Respectfully,

Elham & Girard Chandler
