To: Design Review Commission, City of Los Altos

To Whom It May Concern,

Janet and I have been long-term residents of our house on 1095 Golden Way, which is adjacent to the 1085 property that is up for review (18-SC-09 - 1085 Golden Way). We are concerned about our privacy and agree with Condition #3 in the DRC Report to raise the height of the two master bedroom windows on the right side elevation to the very minimum of 4.5 feet.

Thank you,

Peter Palmerson
