Good Morning Guido, as per our phone conversation, I am sending you the email we wish to send to the commissioners.

Thank you for forwarding it to them.

Dear Commissioner xxxxx,

I hope you are doing well and staying safe. We just wanted to reach out and see if you have any questions regarding our project that will be coming in front of you this week at the DRC meeting. Both Chepe and I are available to answer any questions or concerns that you might have. The homeowners are aware that you might want to come by the site and have informed us that the side gate shall be open for you to go back into the yard. They are currently not living in the house since we plan to start construction as soon as we get permits.

Please let us know if you want us to meet you at the site, we would be happy to arrange that.

Best Regards  
Malika
