Subject: Fwd: letter from neighbor

Hi Sean,

Here's a letter of support from 485 aspen for the project on 444 Fir Lane.

The homeowner has reached out to all the neighbors by now. We'll be sure to give a report on that at the meeting tomorrow.

Subject: letter from neighbor

To: Bahi Oreizy <bahi@360designstudio.net>, Mina Charon <doomango@hotmail.com>

hi bahi, hiope u had a great memorial weekend.

we have one more letter from 485 aspen. please see attached.

ken (from 455 aspen) said he's busy and will look at it when he has a chance.

mitch (from 466 fir lane) said he's ok iwth our plan since we suggested that he can come over to look at the rough opening of the window and we can address privacy if it's still a problem for him. he said he would send a letter but hasn't done it yet.

5666 arboretum never got back to us. we were told that they may be renters so they might not contact us.

Thank you

Letter in Support of Two Story Design Review Application

From: Mina and Mark Charon

CC: 360 Design Studio, Architect

Date: 4/23/2021

Re: PC21-0043

We are the homeowners of 444 Fir Lane, Los Altos. We want to thank the staff of City of Los Altos and the Design Review Commission for taking the time to review our application.

We met with our neighbors personally to discuss the project and showed them the drawings that were submitted to the city.

Please see our neighbor's name and signature on the following page indicating they are in agreement with our proposal.

Thank you,

Mark and Mina Charon

We have met with Mark and Mina Charon to review their proposal for an addition. We have reviewed the set of drawings submitted to the city and are supportive of this project and have no objections.

Name: *Tina Cheung*

Address: 485 Aspen Lane, Los Altos CA 94024
