**BACKGROUND**

At the June Library Commission meeting, commissioners had concerns regarding speeders entering the main entrance to the library at the San Antonio entrance.

**DISCUSSION**

Library Staff Liaison, Peggy Ford informed Police Chief, Tuck Younis and he in turn has made his traffic team aware of the situation and has also suggested that Transportation Services Manager, Cedric Novenario monitor the traffic flow into and out of the library. The Transportation Manager will continue to monitor and give updates regarding the issue.

Commissioners and Library staff are encouraged to notify City staff as speeding incidents occur.
