AGENDA ITEM # 4

TO: Library Commission

FROM: Peggy Ford, Staff Liaison

SUBJECT: Bike Repair Station at Library

RECOMMENDATION: Receive Report

DISCUSSION

At the June Commission meeting, commissioners discussed the potential for a new Bicycle Repair Station to be installed at the Main Library. Grants are currently being given out for agencies to install repair stations. Mountain View Library received a grant and has installed a repair station at its library. Staff contacted the liaison to the Bicycle and Pedestrian Advisory Commission to ask if BPAC will consider a repair station.

Transportation Manager, Cedric Novenario will present the suggestion to BPAC at their next meeting to ask if they would like to pursue the grant.
