AGENDA ITEM # _2_

TO: Library Commission

FROM: Peggy Ford, Staff Liaison

SUBJECT: Joint Study Session with Council Pre Planning Review

RECOMMENDATION:
Accept Staff Liaison's Report

BACKGROUND

The Library Commission has requested to partake in a study session with City Council in order to discuss issues involving organizations that support the Library and funding for a new Library or funding to renovate the existing library.

DISCUSSION

Commissioners will meet with Council in early March to touch on items concerning the Library and the organizations associated with the Library. At previous meetings in the fall, the Library Commission invited guests to speak regarding funding for a new Library at either the existing location or moving it to a new location in down town Los Altos. Commissioners want to meet with Council to ask for guidance and discuss the Commissions' role in this endeavor should Council want to investigate the potential for a new Library.
