Business:

1.) Consideration to accept a donation of a sculpture named "Sonya"

The Commission considered the Los Altos Cultural Association's request of accepting the sculpture so that they could negotiate the sale with the artist.

The Commission felt that a policy should be in place to evaluate sculptures that are on loan to the city before they are accepted by the city permanently. They also felt that the existing art program should be reviewed specifically to balance the designation of permanent and rotating sites for the public sculpture program.

The Commission made the motion that the city should not accept a donation of the sculpture "Sonya." The Commission felt that direction should be given to the Parks, Arts and Recreation Commission to create a policy, establishing criteria by which to evaluate those sculptures that are on loan to the city and are offered as a donation.

Adjournment- meeting was adjourned at 9:00 pm
