

DATE: March 12, 2014

AGENDA ITEM # 4

**TO:** Parks & Recreation Commission

**FROM:** Beverly Tucker, Staff Liaison

**SUBJECT:** Naturescape Definition

**RECOMMENDATION:**

Discuss next steps for Naturescape proposal

---

**BACKGROUND**

During the February 12 regular Parks & Recreation Commission it was determined that providing a definition of a Naturescape play area would be helpful for determining next steps and in considering creating a recommendation for a new Capital Improvement Project.

Commissioner Tooley, with assistance from Commissioner Baron, has prepared a definition, the benefits of, and a preliminary proposal for recommending a Naturescape be created in Los Altos. His report and an illustration is attached.

**DISCUSSION**

Following review of the Naturescape definition and proposal, the Commission will discuss possible next steps and determine whether or not to include it on the 2014 Work Plan.
