AGENDA ITEM #2

## **AGENDA REPORT**

**TO:** Parks & Recreation Commission  
**FROM:** Greg Milano, Recreation Supervisor  
**SUBJECT:** Redwood Grove Stream Bank Stabilization Project Update  
**RECOMMENDATION:**

Update

---

### **DISCUSSION**

At the October 28<sup>th</sup> Council received a report regarding the Redwood Grove Bank Stabilization Project. This project not only involves an improvement project to stabilize the Adobe Creek stream banks, but also includes replacement of the footbridge and portions of the boardwalk in the Redwood Grove Nature Preserve.

Due to the increase in cost of the project, Council has directed staff to include the seating decks and stairs as add alternates or deductions and directed the Parks and Recreation Commission to consider the need for programming in the proposed seating decks. This is due in part to concerns by neighboring residents of illegal activity taking place in the park after dark. Neighbors fear that a new location for the seating platform may invite negative activity to occur closer to their homes within the park boundaries.
