### **Community Center Project Task Force**

The City Council has decided to appoint a Task Force to provide advice and recommendations regarding a new community center at Hillview. The Task Force will consist of 11 members and the Council would like to have some of that membership reflect the topics/issues covered by our commissions. The City Council made it clear that they welcome applications from current and past members of our commissions, and encourage any of you who are interested to apply for a position on the Task Force.

The Task Force is expected to begin meeting in June and will likely complete its work by late 2017. The Task Force will be making recommendations on two topics: the allocation of internal space at the new community center, and the exterior design and site plan.

Applications for the Task Force are due by Friday, May 12 and the City Council expects to hold interviews on May 16.

If you are interested, you can find more information and the application on the City's website at:
