

DATE: July 11, 2018

AGENDA ITEM # 2

**TO:** Parks & Recreation Commission  
**FROM:** Manuel A. Hernandez, Commission Liaison  
**SUBJECT:** Dog Park Subcommittee Report – Off-Leash Program continued discussion and possible recommendation to City Council

---

## **BACKGROUND**

At the May 9, 2018 meeting, the Parks and Recreation Commission directed the Dog park subcommittee to investigate and bring back a proposal for dog off-leash hours in existing Los Altos parks.

## **DISCUSSION**

The dog park sub-committee has met and done research on the idea of having designated off-leash hours at designated Los Altos parks. They have completed a report (Attachment A) that outlines a proposal to possibly make a recommendation to City Council regarding allowing dogs to be off-leash in Los Altos parks.

The Dog Park sub-committee will present their report to the Commission. The Commission will discuss the report and possibly decide on a recommendation to City Council. Discussion or any Commission actions that are taken on this item in no way approves the creation of an off-leash program in Los Altos. Any Commission recommendation still must be reviewed by staff and City Council.
