AGENDA ITEM # 2

**TO:** Parks & Recreation Commission  
**FROM:** Manuel A. Hernandez, Commission Liaison  
**SUBJECT:** Dog Park Sub-Committee Reassignment

---

## **BACKGROUND**

At the July 11, 2018 meeting, the Parks and Recreation Commission showed interest in changing members of the current Dog Park sub-committee to re-focus on a dog park recommendation to City Council. Staff was to look into proper procedure in making that sub-committee member switch.

## **DISCUSSION**

The dog park sub-committee has presented all information that it has worked on to date and has moved forward with the recommendation to City Council on off-leash hours in existing parks. Staff is currently working on that report to City Council.

The Commission may now be interested in changing out members of the current Dog Park sub-committee and re-focusing on a recommendation to City Council on a fenced dog park at one or more location in Los Altos. The Commission will discuss the interest in having the sub-committee look into dog parks again and re-assign members of the sub-committee as needed.
