AGENDA ITEM # 4

**TO:** Parks & Recreation Commission  
**FROM:** Manuel A. Hernandez, Commission Liaison  
**SUBJECT:** Parks Plan Review – Hillview, Grant and Rosita

---

## **BACKGROUND**

To aid in preparing for future recommendations and Capital Improvements Program prioritization, the Parks and Recreation Commission will review the current Parks Plan in sections.

To help the Parks and Recreation Commission better understand the Parks Plan and guide discussion for the Fiscal Year 2019/2020 Capital Improvements Program discussion that will take place in spring 2019, the Commission will review and discuss sections of the Parks Plan over the next several meetings. This review will cover each park and areas of park land in Los Altos. At the end of this review, the Commission will have a better idea of what park improvements might be needed and how to best prioritize them.

## **DISCUSSION**

The Commission will discuss the Hillview (pg. 11), Grant (pg. 9) and Rosita Parks (pg. 18) sections of the Parks Plan as the second part of the Parks Plan review. These three parks contain designated sports fields and are three of the five largest parks in the city.
