

DATE: April 28, 2016

AGENDA ITEM # 4

TO: Public Arts Commission

FROM: Jon Maginot, Staff Liaison

SUBJECT: Discuss development of a Los Altos Arts Master Plan

BACKGROUND

The Public Arts Commission (PAC) has discussed the development of a City of Los Altos Public Art Master Plan. A number of reasons have been identified for developing a Master Plan including establishing an overall vision for public art in Los Altos, identifying mechanisms for placement of public art and identifying funding sources.

DISCUSSION

At the joint City Council/PAC meeting on April 19, 2016, the two bodies discussed potential development of a Master Plan. The City Council requested additional information regarding what a master plan would look like. It is recommended that the PAC discuss potential recommendation of funding in the annual Capital Improvement Program for a Master Plan and ways to present the requested information to Council.
