AGENDA ITEM # 4

TO: Public Arts Commission

FROM: Jon Maginot, Staff Liaison

SUBJECT: Discuss a potential Artistic Bike Rack Design Competition

BACKGROUND

In 2015/16, the Public Arts Commission (PAC) developed and carried out the City's first Artistic Bicycle Rack Design Competition. The program was a success and six racks were installed in Downtown Los Altos.

DISCUSSION

At its June 23, 2016 meeting, the PAC requested a future agenda item to discuss holding a second Design Competition. At the July 28, 2016 meeting, Vice Chair Rini and Commissioner McBirney were appointed to a subcommittee to recommend a process for the Second Artistic Bike Rack Design Competition.

At its September 13, 2016 meeting, the City Council appropriated \$10,000 for the manufacturing and delivery of artistic bike racks.

Submissions are due November 21, 2016.
