AGENDA ITEM # 5

**TO:** Public Arts Commission

**FROM:** Jon Maginot, Staff Liaison

**SUBJECT:** Art for Community Center temporary fence

**RECOMMENDATION:** Discuss potential art for the temporary fence surrounding the Community Center

---

## **BACKGROUND**

The Hillview Community Center is in the process of being redeveloped. Temporary construction fencing has been erected around the site.

## **DISCUSSION**

A potential opportunity for temporary public art has arisen. The subcommittee discussing art for the new Community Center briefly discussed the potential for art on the temporary fencing. On September 26, 2019, the Public Arts Commission discussed pursuing options for temporary, interactive murals along the temporary fencing. Subsequent to the meeting, Vice Chair Waldman reached out to local schools to solicit interest in designing murals.
