NOTICE OF BORING OPERATIONS

Date: Tuesday, January 30, 2018 - all day

HISTORY MUSEUM

Boring 5

Boring 2

Boring 3 (optional)

BUS BARN THEATER

Boring 1

Boring 4

SUMMARY OF WORK:

Boring operations will occur starting on Tuesday, January 30, 2018 at 7 a.m. The borings will provide information for the geotech report for the new Hillview Community Center project. The work will consist of truck-mounted borings at location #2 through #5, and manual tripod mounted boring at location #1. The boring operation will generate loud banging noises as the bores are driven into the earth. The bores will be filled with grout upon completion.
