*New System Offers Citizens Easier Access to Parks and Recreation Activities and Registration*

Los Altos, Calif – March 22, 2021 – City of Los Altos Recreation & Community Services has partnered with CivicRec to implement its parks and recreation management software solution. Available from CivicPlus, the integrated technology platform for local government, the CivicRec cloud-based recreation management solution will allow citizens greater visibility into offered parks and recreation department activities, classes, sports, and youth leagues, and more convenient online registration and payment. It will also allow citizens to search for and reserve community facilities all conveniently online.

“Our priority is to provide the best customer service to Los Altos residents, including the online registration experience.
