Greyscale represents most Attended Events.

Transportation has been discussed briefly and that discussion started in Fall of 2017. Senior staff experimented with providing transportation to the Christmas Tree Lighting event and only (2) people signed up. There has been more discussion this new year, 2018 where Seniors are desiring transportation to the Center from their homes for Mini-Trips that they would like offered after 3pm.

The Seniors also expressed having transportation to local areas for shopping, doctor's visits, etc.
