AGENDA ITEM # 5

TO: Youth Commission
FROM: William Wells, Staff Liaison
SUBJECT: DigiVillage Correspondence

RECOMMENDATION:

Receive information request to help promote DigiVillage student engagement program.

Correspondence

DigiVillage is a free afterschool program we're offering this fall from September to November. The program is staffed and run entirely Los Altos High School students that lead weekly 1-hour sessions for 2nd-5th graders to engage with their peers while doing fun activities.

DigiVillage is requesting support from the Los Altos Youth Commission to help them further promote their program.

Hello,

Thank you so much for your prompt reply!

At this time, we'd love if LAYC could share our program with their mailing list or on social media so that more community members know about our program. Even more, as our program was started by youth living in Los Altos, would the Youth Commission have any other contacts within the community that could help us connect with local schools or PTAs?

Looking forward to your thoughts!

Best,
DigiVillage

Hello!

Thank you for reaching out. I am more than happy to share this with the Youth Commission at our August 31st meeting. Do you have any ideas on how you envision the Youth Commission can help you connect with more members of the community. Any further information you can provide is greatly appreciated!

Best,

Subject: DigiVillage Afterschool Activity

Hi,

We are DigiVillage, a free afterschool program we're offering this fall from September to November. We're a SF Bay Area-based program staffed and run entirely by passionate Los Altos High School students that lead weekly 1-hour sessions for 2nd-5th graders to engage with their peers while doing fun activities.

After a successful summer session, we're excited to expand for this fall. We want to reach as many students as possible and would really appreciate if LAYC could help connect us with more members of the community. The below information could be used as a short summary of our program, given in English and Spanish:

"DigiVillage is a free after school program for 2nd-5th graders that offers weekly, online 1 hour sessions to engage students in art activities, games, etc. and allow them to interact with their peers. Find out more at our website: <http://digivillage.org> or register here: <http://digivillage.org/links>."

"DigiVillage es un programa gratuito después de la escuela para estudiantes de 2o-5o grado que ofrece sesiones semanales, en línea de 1 hora para involucrar a los estudiantes en actividades de arte, juegos, etc. y permitirles interactuar con sus compañeros. Más información en nuestro sitio web: <http://digivillage.org> o registra aquí: <http://digivillage.org/links>"

Please contact us if there is anything we can clarify for you about our program or if you'd like a flyer to share with your community!

Thank you!
DigiVillage
