BACKGROUND:

At the March 13, 2012 City Council meeting, Council considered the expected outcomes for the various Council committees. There was discussion of what the expected outcomes for the Council Redwood Grove Committee should be considering Council had previously approved the Committee's recommendations and direction was given to modify the outcomes and return them to Council.

DISCUSSION:

With input from the members of the Committee, the following are the proposed outcomes for the Committee:

1. Reviewed the facility requirements, restrooms and bridge improvements recommended by the Parks and Recreation Commission (PARC) as directed by Council;
2. Developed and recommended next steps to Council which were approved on March 13, 2012;
3. Review the staff recommendations on Redwood Grove in the Parks Plan when it comes to Council for approval;
4. Review the Historical Commission's recommendations on the work plan approved by Council as detailed in the March 13, 2012 report from the committee;
5. Develop and recommend next steps to Council; and
6. Review with the entire Council the CIP that Council directed staff to develop for boardwalk improvements, pedestrian pattern changes and other creek bank stabilization work during the June 2012 budget review.

ALTERNATIVES:

Modify the expected outcomes.
